- 

In March, we raised the walls on house #30. A Collegiate Challenge group from Connecticut visited our affiliate for a week to help us kick start the build. We had 2 other Collegiate groups scheduled at the time to come in.

That is until....COVID-19....

Mid-March we canceled all outside volunteer groups.

We have relied heavily on our core volunteer team during the last several months. We are allowing volunteering at our build site on an individual basis.

We are requiring all volunteers to wear masks, practice social distancing and to stay home if they are not feeling well.

Individual volunteer opportunities are available on Thursdays and Saturdays.

Our ReStore was closed March 18 through April 30th. This had a major effect on our organization.

We took this time to rebrand our store.

The ReStore is welcoming volunteers on an individual basis Tuesday through Saturday from 10:00-5:00 PM.

We are now offering a contact free way to donate to our ReStore. You don't have to leave your vehicle to make a donation! Drive thru option available!
