it's a shame nothing is built  
in the USA anymore. Just  
bought a TV and it said 'Built  
in Antenna"  
I don't even know where that  
is

Use your op tics. These are prevalent at  
this time

One Liners:-

Got an e-mail today from a "bored housewife 32, looking for some action!" I've sent her my ironing, that'll keep her busy.!

The wife's been hinting she wants something black and lacy for her birthday. So I've got her a pair of football boots!

Growing up with a dyslexic mother had its advantages. Whenever she caught me swearing, she used to wash my mouth out with soup.!

My wife asked if she could have a little peace and quiet while she cooked the dinner, so I took the batteries out of the smoke alarm!

Anyone got an owner's manual for a wife? Mine's giving off a terrible whining noise!

My wife apologised for the first time ever today. She said she's sorry she ever married me!
