MURPHY'S LAW

Well Murphy struck again before our last meeting.

One of our members rang to apologise for his not attending the meeting, regrettably.

The story goes that the member was unable to find the house keys to lock the house up. The wife had gone out earlier and it was assumed that she had the house keys.

Easy solution, ring the wife.

The wife's phone rang inside the house.

Hence the apology.

Our Guest Speaker, Mr Jean-Paul Langbroek. MLA,
Member for Surfers Paradise.

Adrian Moving the vote of thanks to Jean-Paul.

Jean-Paul has been the Member for 17 years. Many members were his patients when he was their dentist.

Jean-Paul thanked the club for what we do. He referenced the Four Way Test to development on the coast – Will it be beneficial to all? Not everybody sees the benefits. The Commonwealth Games delivered six traffic lanes on Bundall Road, the expansion of the facilities at Carrara.

The extension of the light rail to the airport is expensive. The extension to Burleigh will cost in excess of \$1B. During these extensions business will be down about 40%.

The M1 will be duplicated. Hospitals and emergency services will have to be duplicated to relieve the ramping that now occurs.
