From Alan Midwood:

I have been offered a printer as a donation to a charitable organisation. I believe it is a small black and white only, portable machine. Does anyone have any use for it ?

Alan M.

The children had all been photographed, and the teacher was trying to persuade them each to buy a copy of the group picture. 'Just think how nice it will be to look at it when you are all grown up and say, 'There's Jennifer, she's a lawyer,' or 'That's Michael, He's a doctor.' A small voice at the back of the room rang out, 'And there's the teacher, she's dead.'

The children were lined up in the cafeteria of a Catholic elementary school for lunch. At the head of the table was a large pile of apples. The nun made a note and posted on the apple tray: 'Take only ONE. God is watching.'

Moving further along the lunch line, at the other end of the table was a large pile of chocolate chip cookies. A child had written a note, 'Take all you want. God is watching the apples....'

A Sunday school teacher was discussing the Ten Commandments with her five and six-year-olds. After explaining the commandment to 'honour' thy Father and thy Mother, she asked, 'Is there a commandment that teaches us how to treat our brothers and sisters?'

From the back, one little boy (the oldest of a family) answered, 'Thou shall not kill.'

The ingenuity among people who don't have much

How much time and manpower is spent loading and moving

We might laugh and think how crazy some of these are, but, they work.
