NOVEMBER 13, 2026 PROGRAM

ED RAMIREZ JR
ROTARY FOUNDATION COMMITTEE

November is designated as Rotary Foundation Month across the Rotary world. It serves as a time to recognize the Foundation's achievements, promote awareness, and encourage Rotarians to support its mission of advancing peace, improving health, providing education, and alleviating poverty.

The Rotary Foundation supports projects in seven areas:

- Peacebuilding and conflict prevention
- Disease prevention and treatment
- Water, sanitation, and hygiene
- Maternal and child health
- Basic education and literacy
- Community economic development
- Supporting the environment

At the 1917 convention, outgoing RI President Arch C. Klumph proposed to set up an endowment "for the purpose of doing good in the world." In 1928, it was renamed The Rotary Foundation, and it became a distinct entity within Rotary International. In 1929, the Foundation made its first gift of $500 to the International Society for Crippled Children. The organization, created by Rotarian Edgar F. "Daddy" Allen, later grew into Easter Seals. When Rotary founder Paul Harris died in 1947, contributions began pouring in to Rotary International, and the Paul Harris Memorial Fund was created to build the Foundation. Since the first donation of $26.50 in 1917, the Foundation has received contributions totaling more than $1 billion. November's observance reinforces Rotary's commitment to "doing good in the world" through sustained support of The Rotary Foundation.

10/23/2026 MEETING RECAP

Justice is more than rulings and courtroom procedures—it is about people waiting for answers, stability, and a chance to move forward. That message guided the Honorable Judge Victor Villarreal's - County Court at Law No. 2 - remarks on leadership, public service, and the court's responsibility to the community during our last meeting.

The judge described how the court earned recognition as a Center of Excellence through a review of case management, governance, and public communication. A 100% guardianship compliance rate during an audit and early adoption of virtual hearings reflected a priority: keeping cases moving and making justice accessible.

Rehabilitation also plays a central role. Through a DWI specialty court and the Youth Success Court, participants receive oversight, counseling, and encouragement to address addiction and make safer choices. The judge urged residents to plan ahead for celebrations and avoid driving after drinking.

An example involved an unresolved divorce case: when it was called, the couple's adult children appeared because both parents had died before the case was finalized. The story underscored why timely decisions matter. Reflecting on nearly a decade on the bench, the judge emphasized that leadership grows through example, teamwork, and trust. The measure of success is the difference public service makes in people's lives.
