

President Lizzy Martin

Just in time for summer to wrap up and life to slow down, our club is stepping on the gas. We've got a lot of events coming up in the next two months, including, but not limited to: new members to induct, Cider Pressing at Mic's, a new membership contest, Pride of Workmanship dinner, District Conference, Pints for Polio and Charter Night. Please read your newsletter and club email communications to stay up to speed and let me know if there is anything I can do to improve those communications. In addition to being active, another important part of the club experience is our meetings together. I really need volunteers to step up as Sergeant-At-Arms over the next few months. Putting care into setting up the meeting space, and greeting Rotarians and guests, is a vital role; one I cannot do alone. It's important to me that you all find the meetings organized, timely and

informative. It should be your opportunity for fellowship, to learn something new and to get up to speed on the activities of the club. I appreciate all the support so far this summer and hope it can continue into the fall as we come together for service projects, social gatherings and regular Rotary business!

ROTARY DISASTER RESPONSE

One of the biggest benefits of donating to Rotary in times of crisis is how connected clubs are to their communities, giving them a unique ability to address people's needs. In this article you will hear stories from the aftermath of Hurricane Maria in Puerto Rico, which we all know was truly devastating to the islands. Clubs helped individuals that fall through the cracks when it comes to support from the government. They do projects that bring back the joy and culture of the area. They make life better and more hurricane-proof for the future. [Click here to read more!](#)

MAKE FRESH CIDER WITH FRIENDS!

Our member, Mic Jenkins, will welcome us to his backyard to use his antique, hand-powered cider press. We will have donuts, serve some of the fresh cider (hot or cold) and spend time just hanging out. Bring the whole family and kick off the fall season by showing the kids how cider is made!

PLEASE BRING WITH YOU:

- apples
- containers so you can take home your cider
- lawn chairs if you want to have a seat and socialize
- and wear clothes that can get a little apple pulp and juice on them!

MORE ABOUT WHAT APPLES TO BRING...

They can be any variety and just about in any condition, even drop apples (ones already on the ground) AND even if they've started rotting or may be wormy. It will all get filtered out in the cheesecloth and all kinds of apples, even a mix of different kinds, will taste great! To make a gallon of cider, you will need about half of a bushel (or 20 lbs) of apples. Bring as many or as few as you wish, just remember we have to hand-crank the press!

WE WILL PROVIDE:

- the cider press
- delicious cider donuts
- cheesecloth to strain all the ciders
- cups for enjoying some of the freshest cider you can get
- a couple of pop up tents to protect us from the elements

SENIOR PICNIC IN REVIEW

This year's senior picnic saw a bunch of changes and our club managed to roll with the punches in style! First, we had to find a new caterer after Dawn's recent retirement. Partnering with the Rescue Mission's new catering service meant getting a great meal for our event and supporting an important organization in CNY at the same time. We also changed the date, which made it so our regular entertainment was unavailable. Syracuse Sunrise Rotarian Greg Hoover filled in beautifully, with music the seniors could sing along to once they finished their meal. We even had some dancing! What didn't change was the amazing support from Canton Woods for putting together and hosting the event, the excellent turnout with 107 meals served to local seniors and the hard-working volunteers from our club that came together to cook, serve, clean and dish up a memorable event. Looking forward to what next year will bring!

PHOTOS FROM SENIOR PICNIC WILL BE POSTED TO THE WEB SITE SOON!

SNAPSHOTS FROM AUGUST

About 30 Rotarians and guests enjoyed a dish to pass picnic hosted by Sally & Marcia in their joint backyards. There was delicious food, lawn games and a camp fire. In this pic, Ted has a talk with Bailey the lab about why he is not sharing his dinner!

Our Youth Exchange Student, Risa, from Japan, arrived to a bunch of friendly faces, including YE District Inbound Chair Bill Rosentel, our club's YEO Lynn Rosentel, a past exchange student and the first host family. Get ready to meet Risa at an upcoming meeting!
