

ROTARY TAILINGS

Rotary Club of Jackson

May 29, 2018

Vol IV. No 41

Meeting Highlights:

AG Richard Forster joined us last week along with two law enforcement friends of Ryan. Rick gave us a recap of the District Conference and urged others to attend future ones.

We had lots of happy Rotarians. Steve Cilenti was happy about fly fishing, Keith Des Voignes was pleased he was a winner in the Cow Chip Bingo and Jimmy Wilson had enjoyed a car show. Frank Verardi enjoyed visiting his seven month old grandson in Seattle. Amy reported she had attended several school open houses as well as the Every 15 Minutes event at both high schools. Barbara was excited about having been a big winner on the slot machines at The Atlantis during the District Conference. She also noted all 10 kids have been selected for REGL from Jackson and Amador Up Country. Art was happy about the good turnout Jackson had at the District Conference.

Carolyn Fregulia, from ACRA, was our speaker. Before she started, Art noted that back in the day her father was the undersheriff when he was in charge of the Jackson CHP office. Together they had a plan to minimize problems with Hells Angels who had been an issue during an earlier visit to the area. When they arrived their weapons were taken and stored and a limited number of individuals were identified who were permitted to make beverage runs. When the Hells Angels finished their visit to Amador County the weapons were taken out of storage and returned.

Carolyn spoke about the Ghost Trails of Amador County. Her talk focused on a few of the old-time cemeteries in the County as well as the history of some towns that no longer exist and some that do. This history principally goes back to the mining days and the impact that this time had on the County. Streams were diverted and towns mostly sprung up either where there was mining, where the wagon trains ended or at cross-roads.

Doc's spin of the wheel netted him a free dinner and Art won a bottle of wine.

Note: We will not be able to accept credit cards on 5/29.
