International

Eric Maass  
Past President

## Membership Application Form

We are honored that you are considering becoming a Rotarian and we hope that this application process will give you more information about our club and about Rotary. After you have submitted this completed form it will be reviewed by the club and voted on by the Board of Directors, you will be asked to attend an orientation meeting (Fireside Chat,) and your application will be announced in the Club Bulletin. We ask that you also attend three regular meetings to better acquaint yourself with the club and our members. Only after all of these requirements are completed and the Board has approved the application will an applicant be asked to join the club. It is through this very important process that both the applicant and the club are able to make an informed decision on membership. Thank you for your interest and your patience.
