Presidents Closing Remarks/Adjournment:

Did you Know?

The Rotary policy on club membership states, "In order for a Rotary club to be fully relevant and responsive to the needs of those in the community, it is important and necessary that the club include in its membership all fully qualified prospective members located within its territory"

Of all the obligations a person accepts when joining a Rotary club the one in which most Rotarians fail is "sharing Rotary." It is estimated that less than 30 percent of the members of most Rotary clubs have ever made the effort to propose a new member. August is Membership development month. Let's all strive to invite someone to share in making a difference in the world through Rotary.
