

Bear All at Rotary Club of Tarree

It is another time of the year where I feel so honoured to write to you again. I hope you are having a wonderful time and everything is going on well. I am doing good too.

I have had a wonderful time of the second semester at the University of Bar es Salaam. This semester, unlike the first one, had so many things and more challenges with introduction of new topics and ideas. I thank God I was able to face those challenges. I increased my personal study time and more group discussions. This made my life at the university even easier.

The university environment has become more comfortable for me since I have made many more friends. I got to meet different people and inspirational speakers who made me feel more motivated to study. I am looking forward to officially join the University of Bar es Salaam Marketing Association (SUMA) as I come to start my second year in October. I was inspired when I attended one of their events this semester, by the inspirational speakers. I now feel like it is a good association to join. By joining I will be able to meet more inspiring people and marketing students whereby through sharing of experience will be able to improve our career in marketing.

Finally I would like to thank you again for being part of my life through your support. I treasure every moment of my education and I hope to prosper. To prove how much I treasure your support, I will always work hard and do my best in all aspects. Thank you so much and I love you all.

With love,

Blandina Allen Msumang.
