2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?

Heidi Kühn’s social justice story replaces land
mines with grapevines

Heidi Kühn’s vision for a humanitarian
mission to eradicate the world’s former
war zones of the scourge of land mines and
transform those minefields into vineyards
and sustainable crops came to her in an
unscripted moment of clarity she still calls an
“epiphany.”

Enjoy pre-show music from Don Forbes and

Rotary Club Community Service Project

Joining Bahia neighbors we removed old water-logged stairs and decking planks for returning the former Lagoon to a wetland in a natural environment for birds and wildlife. **Brody** used a chainsaw. **John C.** slogged knee deep in the tall grasses surveying for misc debris. **Larry M.** examined the steep slope for planks filled with large rusty nails. Sonoma Marin Recology donated a debris box due to the fact that this Project was a volunteer effort to benefit the Bahia Community. A nine year old, **Joseph Podesta** used my cell to take excellent photo of Chairman of Community Service and me and **John**. Another crew is due on Oct 29 using Kayaks searching for floating debris.

Rotarian Contractor John Cutrufelli walked in mud of former Lagoon.

The debris box was donated by Recology.
