### MEETING OF MAY 13, 2019

**Bob Kreisberg** (pictured) who wore many hats during the meeting, was the substitute sergeant-at-arms, the song leader *and* leader of Happy Bucks. After he opened the meeting, and after **President Maureen Simons'** welcome to all, he led the *Smile* song. **Tom Applegate** led the pledge, and **Kreisberg** then led us in singing *God Bless America*. Happy Bucks followed later.

For Words, **Brian Colby** shared some interesting facts he has learned because of his love of numbers, especially big ones. Via show-and-tell and starting with the lower numbers, he showed the math equations that tell a person's chance of winning the lottery, to the number of stars in the universe, to atoms in a cell—to the odds of being born—which were very long odds indeed, and, he said, therefore why no one on the planet is insignificant.

### ANNOUNCEMENTS

**Pres. Maureen** had signup sheets on the tables, listing all the club's committees for the coming 2019-2020 Rotary Year. She asked each member to fill one out and indicate at least one area to assist with next year.

**Ken Clark** reminded all that he has Brewfest tickets for club members at special rates, including VIP and two-fer tickets.

**Patty Johnson** invited all to participate in or play spectator at the club's Bocce Ball Tournament and Picnic at Magee Park on June 8. Anyone bringing guests is asked to sign them up online via the link in the email she recently sent.

### VOCATIONAL SERVICE CHANGE

The CHNR Board of Directors has followed RI's lead and has divided our Vocational Services avenue of service into two areas: **Youth Services**, lead by **Raegan Mattews**, and **Vocational Services**, led by **Rick Grove**. Youth Services will encompass youth protection, the 3rd-grade dictionary distribution, the youth music competition, the Raising Readers program, 4-Way Test speech contest, Interact, the LEAD conference, RYLA and Model UN. Vocational Service will involve the AVID conference, Lunch & Learn (alternating between member-hosted and non-Rotarian business visits) and the new Student Outreach (including info about different careers and internship opportunities).

### HAPPY BUCKS

**Bob Kreisberg** began by being happy about having been able to attend a great nephew's bar mitzvah in New Jersey. **David Harrison's** daughter moved home—with two great danes, and they are looking to re-home those two dogs. **Josh Rytz** said he and **Leann** will still be empty nesters this summer because their daughter got a nursing internship in South Dakota and their son will be playing baseball in Kansas. **Jan Nadler's** nephew has been promoted to first vice president by his bank. **Bob Fenner** and his wife just celebrated their 51st anniversary, and **Velyn Anderson** and her husband were celebrating #42 that day.

**Anderson** had a bunch of Happy Bucks for **Randy Ferren**, who delivers home meals to shut-ins, and recently found one of his clients collapsed on the floor, having been unable to get up for nine hours. **Ferren** called 9-1-1 and stayed by the man's side until medics arrived. **Anderson** hailed the other Rotarians who also deliver meals: **Lisa Walsh**, **Leann** and **Josh Rytz**, **Kreisberg**, **Nate Cobb**, **George Porter**, **George Sullivan** and **Bruce Jordan** (as well as her).

**Phil Okun's** daughter, who is in graduate school at Humboldt State, applied for and received a Rotary scholarship. **Kip McBane** said the 16th annual Carlsbad Music Fest will be Aug. 16 and that there will be an associated Eclectic Lawn music event from 1-5 p.m. May 19 at St. Michael's by the Sea. **Gloria Foote** said her #8 of nine grandchildren just graduated from ASU and already has a obtained a job in Denver.

**PROGRAM: Ryan King**  
**“Education I Never Knew Existed”**

May 20, 2019

**Harry Peacock** introduced Ryan King, a member of the Fallbrook Rotary Club and a new resident of Carlsbad. **Peacock** and King have been working together to obtain a Rotary Global Grant to put a technology program in five schools in

*Ryan King and Harry Peacock*

Guatemala, a partnership of the **Hi-Noon** and Fallbrook clubs and two more, plus a host club in Guatemala. The grant obtained is for \$35,000 and will make it possible to put SMILE computer labs in those schools. SMILE stands for Standard Mobile Inquiry Learning Environment and involves new technology that is about the size of a cellphone and serves as a wireless service. It requires no electricity, and it gives children in third-world impoverished areas the opportunity

to learn creative thinking; do research, explore and discover as well as develop computational skills; provides literacy development and reading practice; and can help them learn science concepts, among other skills. The four local Rotary clubs partnering on this grant project are **Carlsbad Hi-Noon**, Fallbrook, Oceanside and San Marcos, plus the Guatemala club and EDIFY. EDIFY helps to establish low-fee independent schools in 11 countries, including Guatemala, in an effort to reduce and hopefully stop a worldwide education crisis. King said he became an EDIFY volunteer in 2014, noting that the United Nations estimates that one billion children live in poverty, 250 million of them cannot read, and potentially, 25 million will never attend school.

**JOKER DRAWING**

**Jan Nadler** won \$10 in the Polio Plus drawing.  
The jackpot for is now \$220.
