January 2021- Edition One

## Corona Conversation What's New for 2021!

*The Corona Conversation with Don Krupp is a weekly feature now included in our Old Mission Rotary ZOOM Meetings.*

Our first program of the new year on Tuesday, January 5, 2021, featured our very own Don Krupp and was a special edition of Don's Corona Conversation. His thirteen presentations, since August, have provided club members with information to help us all stay safe during these trying times. During the program he discussed how we can expect to navigate the pandemic in the coming year. Don offered a personal, but apolitical assessment of our pandemic response to date and suggest how these lessons learned should inform what lies ahead.

In December, COVID-19 became the most deadly killer in the United States. It will take a while before these Vaccines are now becoming available just as the nation is reeling from a second and more deadly surge of the virus. Due to limited availability, the vaccine is being given to health care workers and residents of skilled nursing facilities as prioritized by federal and state health officials. Vaccines are widely available to the general public, so stay safe and wear a mask, keep your distance and wash your hands.

*The people can always be brought to the bidding of the leaders. That is easy. All you have to do is tell them they are being attacked and denounce the pacifists and helpless minorities for lack of patriotism and exposing the country to danger. It works the same way in any country.*

**Rotary  
Vocational Service**

The five Areas of Rotary Service are:

- Club Service.
- Vocational Service.
- Community Service.
- International Service.
- Youth Services.

The Rotary month of February is dedicated to Vocational Service. Very few Rotarians are familiar with this particular area of service. By bringing together people from diverse professions and backgrounds, Rotary recognizes the importance of all skills and occupations. In Rotary, your professional life and vocational service go hand in hand. Members have a dual responsibility to represent their occupations within their club and exemplify the ideals of Rotary in their places of work. January is Vocational Service Month, a great time to share your vocation with your fellow club members. In the past, each club was limited to one representative of a profession. This classification system is no longer required.
