January 2022- Edition Two

San Diego Airport Terminal One Upsate

Michelle Brega is the Director of External Relations for the San Diego County Regional Airport Authority

There is a lot right with our San Diego Airport! Everyone loves the convenience of the downtown location. The new Terminal Two and Car Rental Center improvements are world class. The 661 acre airport is expected to handle 39 million passengers by 2035. The previous record was 25 million.

One important necessary upgrade is now in progress- the replacement of Terminal One that was built in 1967. The new terminal will have 30 gates instead of the 19 gates now. There will also be additional security gates and Terminal One and Two will be connected for walking passengers. The number of concessions will double to 40.

A new transit connection is being

prepared for a future connection to the regional trolley and bus systems. An all electric shuttle bus will offer a temporary solution to carry passengers back and forth between the Old Town Transit Station and the airport every 20-30 minutes. Parking will also be improved as well as passenger pick up and drop off areas. A new traffic scheme will alleviate the traffic congestion to the airport from Laurel Street.

Innovative architecture and public art will make the terminal a wonderful space to visit.

There will also be a new outdoor waiting area with views of the bay and downtown.

Construction is on schedule and even accommodates the local endangered Least Tern Bird population. The Terminal is scheduled to be open for business in 2027 and the wait will be worth it!

The new Terminal One will revolutionize the air traveller customer experience at our very busy San Diego Airport.

Old Mission Rotary Meeting on ZOOM

The Omicron wave of the Covid 19 virus is so contagious that Old Mission Rotary will once again meet on ZOOM and NOT in person at the Legacy Resort and Spa.

ZOOM Meeting links will be sent to members by club e-mail. Evening socials will now be rescheduled to noon meetings on ZOOM.
