January 2021- Edition Four

The Rotary Children's Fund

Vitaliy Bedroznov is a professional musician and the founder of the Rotary Children's Fund. He has been a Rotarian since 1995.

The RCF (Rotary Children's Fund) was founded in 2003 by Vitaliy Bedroznov and exists to promote good will between countries by funding groups of youth that contribute to peace, cultural understanding and appreciation through the arts.

The organization finds young artists, performers and musicians worldwide to share their cultures through their performances and workshops where they feature their talents, traditional costumes and individual personalities.

The Golden Gates Cultural Youth Program was set up in 2003 to administer the travel of the student groups. One group recently performed at the Escondido Center for the Arts.

The founder of the Rotary Children's Fund, Vitaliy Bedroznov was born in Tashkent in the former Soviet Union. His musical talents

took him on tour in the USA as the accordionist of the group *Moscow Nights*. He attended a meeting of the Denver Rotary Club in 1995 and was so impressed that he knew at once he needed to become a Rotarian.

The RCF is inspired by Rotarians, funded by Rotarians and run by Rotarians! Vitaliy's presentation showed how the program relates directly to the Rotary Four Way Test.

The presentation was inspiring and the multi-media production was the best we have ever seen on Zoom!

Corona Conversation

San Diego County moved back into the purple tier on Monday, reopening in an outdoor capacity: restaurant dining, gyms, places of worship, museums, zoos and aquariums, camping and outdoor recreation, bars, breweries and distilleries if they serve food. Personal care services such as barbershops,

hair and nail salons and tattoo shops can operate indoors. Grocery stores can operate at 50% capacity, retail at 25%.

Several of our club members shared their experiences about getting vaccinated. Unless contacted by your health provider, it is essential to reserve an appointment online.

Judi Copeland was contacted by her health provider, Kaiser Permanente, and was very happy with the vaccination process.

Stan Vogelsang was vaccinated at the PETCO Park Super Station. He received his shot in the car and had to wait 15 minutes before driving away.

Paula noted that she was told not to take Ibuprofen by the PETCO Park UCSD staff. She advised everyone to fill in all of your personal info in advance on the websites while trying to grab an appointment time as the times go within seconds.

Jerry Hosenkamp was vaccinated at Scripps Clinic in Mission Valley and noted that they reserve the patient's second dose.

The common side effect from the vaccinations were sore arms.

Rotary Calendar
