Community HousingWorks

Denise Obrero (L) is the Director of Programs and Shannon Morrison is the Resource Development Manager for Community HousingWorks. Founded in 1988, Community HousingWorks (CHW) is a nationally recognized 501(c)(3) nonprofit organization that develops, rehabilitates, preserves and operates affordable apartment communities in San Diego and throughout California. CHW owns over 3,600 apartments in 42 communities statewide, serving more than 9,000 working families, children and seniors. In addition to providing working families and seniors with stable homes in healthy communities, CHW layers provide programs, services and connections to resources. These tools help people attain financial stability, improve their health and overall well-being, and set school-age children up for success in the classroom and beyond.

Corona Conversation Praised by Public Health Leader!

The Corona Conversation with Don Krupp is a weekly feature now included in our Old Mission Rotary Zoom Meetings.

Noe Crespo, PhD, MPH is an Associate Professor and is the Division Head of Health Promotion and Behavioral Science in the School of Public Health at San Diego State University. Old Mission Rotary knows Noe for his dedication and amazing success with the VIIDAI Public Health Program in San Quentin Mexico. At VIIDAI, Noe helped institute many programs to improve and monitor the health of migrant farmers who work in the tomato plantations of Baja. It is very significant that Noe praised the efforts of our own Don Krupp and his Corona Conversation series.

Noe writes: *"Thank you for sharing this important message with Rotary members. I am doing research on COVID and the vaccines and it is important that organizations such as Rotary to unite to fight the pandemic and promote the vaccines. Together we can overcome this virus and rebuild stronger."*
