A Project of the Foundation for Enhancing Communities

District 7390

Dear Sir/Madam:

For the last three years, the Mechanicsburg North and Carlisle Rotary Clubs have joined forces with HelpingaHero.org, a 501(c)3 organization, to construct specially adapted homes for severely injured veterans of Iraq and Afghanistan. Our goal in providing homes to our wounded heroes is to equip them to transition successfully into their local community and to provide the tools they need to succeed in life. Thus, we build specially adapted homes that allow our wounded service members to be as independent as possible and we place these homes, where we can, in communities where they receive ongoing support from neighbors, other military organizations and their local Rotary Club. In the past three years, we have raised more than \$100,000 each year which, when coupled with donations of property, materials and labor from local businesses, enables us to build specially adapted homes valued at more than \$275,000.

Sgt. Dennis Leonard, a double amputee received the first home and Dennis moved in last August. His home is located in Middletown. A second home has been awarded to Sgt. Rob Easley of Carlisle. Rob is still undergoing treatment at Walter Reed Hospital. He also is a double amputee and the plan is to start construction on their home this summer. A third home has been awarded to Cpl. Mark Fidler who also is still being treated at Walter Reed and upon his release, hopes to move into his specially adapted home near family and friends..

We have been able to raise these funds through the generous support of corporations and individuals like you who recognize the extreme sacrifices that these young men and women have endured in the name of freedom. We will complete the funding for the Fidler home this year by again having a golf tournament on July 25, 2014 to raise the necessary monies. Once we fund his home, we will look for a fourth candidate and in the event none come forward, left over funds will be used to establish a foundation to provide help to veterans. Details will be forthcoming.
