## Jason Johnston: Metro's Newest Member

Last Friday Jason Johnston, sponsored by Past President Cal Brints, was initiated into membership in the classification of *Banking-Business Services*. It takes a village to raise a child and it takes a club to mentor a new Rotarian. Please help Jason and other new members take part in all we do as Metropolitan Lubbock Rotarians. When something is said at Rotary such as "Who are our Meals on Wheels drivers today?," lean over and say, "We've been doing this ever since the club started 28 years ago; you need to get the training so you can do it." Or "Apple Butter Festival is coming up; everyone needs to volunteer for a shift."

## Gail Barnes and Friends: South Plains Wildlife Rehab Center

Gail Barnes from the South Plains Wildlife Rehab Center brought three friends and gave us an interesting program on Friday morning. Her friends were Jasper, a Barn Owl, Titan, a six pound great Horned Owl, and Digger, a little Burrowing Owl. As she carried the owls around the room on her glove, she told us about their program of saving wildlife and rehabilitating them back into natural surroundings whenever possible. Only they don't accept Prairie Dogs. They conduct educational programs and receive around 2,000 wildlife each year. Their facility, located at 3308 95th Street is open to visitors. The Rehab Center is non-profit and funded by donations only.

Thanks to Jim Graves for reporting on the Wildlife Rehab Center program.

## Meaning of Each Week's Mystery Person

The "Mystery Person" Program was started to get our members to greet everyone during the meeting. Past President Jerry Price used to say, "One of our members has been identified as the 'Mystery Person' for this morning's meeting and he/she has a coin to present to someone. That person could be the first person that shakes their hand, the fifth person, someone who cheered them up this morning; maybe the mystery person likes your hair-do. The point – the mystery person chooses his/her own reason for presenting the coin to that particular person – there are no rules. So, make sure you greet everyone this morning because if you don't, your chances of receiving the coin are reduced." The "Mystery Person" can present the coin to a visitor or a member. The person presenting the coin should tell the club why they are presenting the coin to that particular person. The whole thing gives our club members an opportunity to compliment another member for whatever reason.

## Cartoon of the Week

Was Dennis a Rotarian? Maybe not an initiated member, but in his heart? Did he practice The Four-Way Test? Or does he need some remediation?

Is it the TRUTH?  
 Is it FAIR to all concerned?  
 Will it build GOODWILL and BETTER FRIENDSHIPS?  
 Will it be BENEFICIAL to all concerned?

"My Dad said to listen to my conscience. My conscience says, 'Go for it!'"

# Caryl's Questions: Read On For The Answers

(Caryl's College of Useless Knowledge)

What were the ten most popular names for boys in 1900? In 2010?

What states don't use Daylight Savings Time? What state most recently adopted DST?

See page 10  
for answers.

In case you wanted to know, Caryl's questions are based on Jon Wilman's 2006 Useless Information: Answers to More Than 700 Challenging, Irrelevant Questions published by Fall River Press.

## Career Insights from Jim Graves

The road I followed in my job search:

1. My first job was working in an orange juice factory, but I got canned. Couldn't concentrate.
2. Then I worked in the woods as a lumberjack, but just couldn't hack it, so they gave me the axe.
3. After that, I tried being a tailor, but wasn't suited for it – mainly because it was a sew-sew job.
4. Next, I tried working in a muffler factory, but that was too exhausting.
5. Then, tried being a chef - figured it would add a little spice to my life - but I just didn't have the thyme.
6. Next, I attempted being a deli worker, but any way I sliced it, I couldn't cut the mustard.
7. My best job was a musician, but eventually I found I wasn't noteworthy.
8. I studied a long time to become a doctor, but didn't have any patience.
9. Next, was a job in a shoe factory. Tried hard but just didn't fit in.
10. I became a professional fisherman, but discovered I couldn't live on my net income.
11. I managed to get a good job working for a pool maintenance company, but the work was just too draining.
12. So then I got a job in a workout center, but they said I wasn't fit for the job.

13. After many years of trying to find steady work, I finally got a job as a historian – until I realized there was no future in it.
14. My last job was working in Starbucks, but I had to quit because it was the same old grind.
15. SO, I TRIED RETIREMENT.

## No Reason For This Picture. There Was Space And I Like It

If you don't think American culture has an influence around the world, look at the hat he's wearing and how's he's wearing it. It's not traditional Chinese garb.
