Club Foundation Minute: Rich Hale indicated that there are funds available for our mini-grant program and encouraged members to submit an application for worthwhile projects within Citrus Heights. Thanks Rich...

Membership: Diane Riehle reminded the club that we will have another Club Mixer at our meeting on March 26, 2014. Diane Riehle will need the names of prospective members so she can prepare and send invitations. Gail & Diane are going to scrub our current roster, so if you have not updated your profile, please go to our website...

Vocational Minute:

President Justin introduced Mel Turner... Mel explained to the club how his high school Spanish teacher's influence resulted in a new direction for his life... Mel talked about going to Mexico in his junior year of college and becoming fluent in the Spanish language and how this ability presented numerous opportunities...He was elected to the City Council in November 2010. He is currently serving as Mayor. Prior to becoming a Council Member, Mel served on the Planning Commission and represented the City on the Sacramento County Sheriff's Community Outreach Advisory Board (SOSAB). He is very active in community service and currently serves as Vice President of the Citrus Heights Police Department's Police Activities League and is a member of the Citrus Heights Rotary Club. Mel and his wife, Connie of 33 years, relocated to Citrus Heights from San Mateo County in 1980. They raised two children very successfully in this community and their life here has been good. Mel enjoys backpacking, fly fishing, bicycling and kayaking. Mel spent approximately 28 years in law enforcement administration as an Adult Probation Officer in San Mateo County, a Crime Prevention Official with the San Mateo Police Department and a Law Enforcement Administrator with the State of California's Department of Justice and the Department of Corrections and Rehabilitation. He also worked in Human Resources as a supervisor and manager in state and local government. He currently teaches classes at University of San Francisco and Sacramento City College as a member of the Adjunct Faculty. His priorities for Citrus Heights include aggressive economic development, public safety and security, supporting programs geared to keep our youth busy and motivated to do good deeds, and a commitment to support our neighborhoods...Thanks Mel...

Sacramento Club is having their Centennial Gala at McClellan Conference Center on May 17, 2014 beginning at 6 PM... Celebrating A Century of Service – A Future of Possibilities.... Annual RI Dinner: President Justin also announced our RI President Ron Burton will attend the RI Dinner on March 30, 2014...Details to follow...

Rich also had us play out the heads-tails game (holding your behind for tails and your head for heads and then fined everyone \$1 each... Thanks Rich

Mentor Program:

Reminder that the current Mentors work to complete their task of integrating Mentees into our club

Program:

Bill Van Duker introduced our fellow Rotarian, Henry Tingle, City Manager for the City of Citrus Heights to lead a presentation on the proposed Medical Office Project/City Hall Relocation...Henry began the presentation with a story of him going over to Bill Van Duker's Print Shop and asking Bill what he thought of the City having their own Police Department. It is a story better told by either Henry or Bill...Henry Explained that The City of Citrus Heights received an application for a project which would result in changes to the current City Hall grounds. The initial project submitted in July 2013 involved demolishing all of the existing buildings on the civic center campus, except for the police services building. The July plans showed a proposed New City Hall building and a new three-story medical office building at the corner of Greenback Lane and Fountain Square Drive. In August 2013, a community workshop was held where a variety of input was given by the community. Due to community input received in August, significant changes have already been made to the proposed project. Colleen presented the proposal to build The medical office building is still located in the same general vicinity, near the corner of Fountain Square Drive and Greenback Lane and City Hall has been removed from the project site and is anticipated to be constructed at a new location. On Wednesday, January 15, 2014, a community workshop was held to discuss the proposed projects. Over 100 community members attended and were provided an overview of the projects as well many provided feedback and comments regarding the projects. On Wednesday evening, January 15, 2014, the City of Citrus Heights in partnership with Dignity Health, held a public open house for the proposed City Hall and Medical Office Building (MOB) projects. The open house was held from 6:00 p.m.to 9:00 p.m.at the Citrus Heights Community Center (6300 Fountain Square Drive, Citrus Heights).The City of Citrus Heights made multiple efforts to contact the community and stakeholders to invite them to the meeting. A project flyer announcing the open house was mailed to property owners within 1,000 ft. radius of the existing City Hall as well as posted on the City's website. Notices were sent to each of the City's Neighborhood Associations, local business associations, persons who had

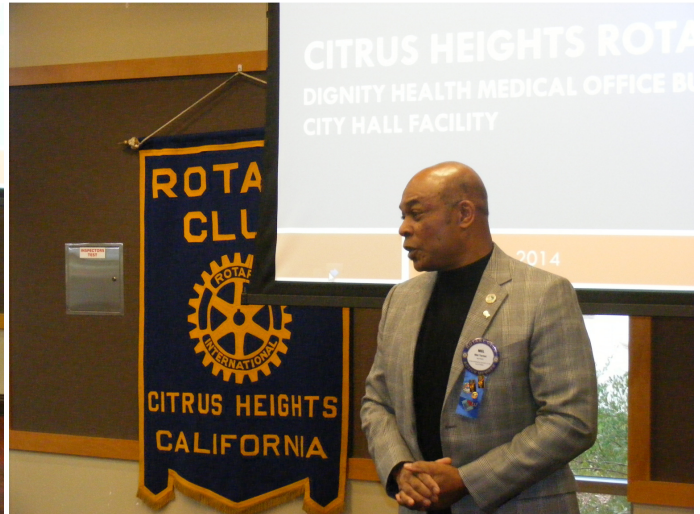

attended the August 15th meeting, as well as to persons enrolled on the City's "e-notifier" system. Media announcements were also published in the Sacramento Bee and the Sacramento Business Journal. As a result of these efforts, approximately 180 community members attended the meeting along with project staff and team members. Chris Meyers addressed the Why a New City Hall? When the City of Citrus Heights incorporated in 1997, we needed to very quickly find an interim City Hall. We took the buildings built in the 1970s and did our best to retrofit two of them to create your current City Hall. While in many ways the site has served us well, both buildings are in need of major and costly repairs. More than 35 years old, these buildings will continue to need major capital improvements in the coming years. While a location has not been finalized, the project now proposes to move the City Hall to an alternate site. A New City Hall would provide us with many improvements and cost savings. A partial list includes: Design a City Hall with community input to meet the specific needs of our city...Eliminate the need for costly repairs and upgrades for ADA compliance, mechanical, and electrical needs, etc. (currently estimated at \$5.5 million) Reduce operating and maintenance costs by \$2.5 million over the next 15 years...Allow us to have one public counter/one-stop shopping for all licensing, permits, etc. (currently dispersed in two buildings) Develop a more sustainable, 'green' City Hall The existing City Hall buildings have exceeded their life expectancy and the cost of repairs and upgrades will only continue to escalate over time. Rather than continuing to repair two aged buildings, it may be more cost effective to build a New City Hall. The proposed new medical office building will enter into a long-term lease and their lease payments to the City will enhance a significant portion of building a New City Hall. This is a very exciting time for our city. There are many details to work out, including how to best preserve and/or relocate the rose bushes from the old Fountain Square; and what amenities you would like to see in a New City Hall. HOW TO GET INVOLVED Questions and comments about this project are welcomed by phone or email to: PHONE:(916) 725-2448 EMAIL:publicinfo@citrusheights.net PUBLIC OPEN HOUSE Please join us as we continue the dialog on these two proposed projects. We want to hear from you. You can find detailed information about both the New City Hall and Medical Office Building Proposals on the City Website... Special Thanks to Colleen, Chris and Henry...
