Tickets sales are slow so please get out there and sell your allotted tickets.

We have 13 purveyors of food, ten wineries and two breweries. **David** asked members to solicit additional vendors in each category.

Check the NATM Webpage for the updated list of Wineries and Restaurants.

## FOUNDATION NEWS

### END POLIO NOW CAMPAIGN

**EVERYONE BRING YOUR POCKET CHANGE — TO AFFECT CHANGE BY ENDING POLIO THROUGHOUT THE WORLD.**

The **END POLIO NOW** campaign is one of Rotary International's top priorities this year. Rotary and the Bill & Melinda Gates Foundation have extended their partnership during the critical endgame phase of the Global Polio Eradication Initiative. Thanks to this partnership our contributions are matched two for one—\$25 becomes \$75.

The contributions to Polio Plus at today's meeting amounted to \$28.

Total for the year is 793.26. That is "77.8%" of our goal of \$1,000. Only \$206.74 to go before June 30th.

### ANNUAL GIVING/PAUL HARRIS SUSTAINING FELLOWS

We continue our goal to have **Every Rotarian** contribute at least **\$100** to **The Rotary Foundation** and strive to achieve the status of 100% EREY and 100% Paul Harris Sustaining Fellows for the third year in a row.

## JOKES

Didn't hear **President Dominic** call for any jokes and no one volunteered.

## RECOGNITIONS

Sgt. @ Arms **Bob Spears** recognized PP **Joe Kaiser**. His phone with its undeniable ring rang in the middle of the meeting which is a definite no-no. **Joe** spun for \$6.00.

Next to be recognized was **John Hallsten** who will celebrate his 66th wedding anniversary on April 22nd. **John** spun for \$8.00.

**Bob** then called on **Mo**. He said "you have a very special occasion coming up." **Mo** stood up, agreed and said she was so thankful not to be celebrating her 15th wedding anniversary without hubby **Chuck**. **Chuck** is recuperating from a recent hospitalization for a very serious bout with pneumonia and the flu. **Mo** bonged the Gong for \$100 to the Rotary Foundation.

**PP Bob Meyer** was asked to spin the wheel twice. Seems he has both a Club Anniversary and Wedding Anniversary for which he was not recognized. The two spins amounted to \$15.

**PEN Patrick Magnani** had a happy thought. He and wife, **Jen** have a tradition of celebrating the anniversary of their first date on April 8th. **Patrick** shared it was a blind date and here they are 22 years later and still in love. **Patrick** spun the wheel for \$6.

PP **Bob Spears** also had a happy thought. His beloved Phillies won two games over the Washington Nationals. He spun for \$6.00

## HIGHLIGHTS OF THIS WEEK'S PROGRAM

Program Chair **Jordan Backhaus** introduced our speaker **Joe Barr**. **Joe** is the Chief Content Officer for Capital Public Radio here in Sacramento. He is responsible for content creation and distribution on all station platforms. He oversees the station's award-winning multimedia News and Information Department as well as the multiplatform music services. **Joe** developed Capital Public Radio's statewide news service, *Capital Public Radio Network* (CPRN) which reaches about three million listeners a week on more than 50 public radio stations in CA, Oregon and Nevada.

He is a senior fellow in the American Leadership Forum and serves as a member of its board of directors. He has been named to Capitol Weekly's annual Top 100 list of the most influential unelected people in California state government.

**Joe** lives in Sacramento with his wife, Nicole. They enjoy regular bike rides, hiking and traveling.

While much of the news business struggles to survive, local public radio has thrived. As news and information director at CPR, **Joe** has overseen an increase in the quantity and quality of news reporting.

Capital Public Radio provides a trusted and indispensable source of information, music and entertainment to its listeners.

**Joe** talked about the move to an increasingly digital, mobile and social media environment.

More and more people get news via digital media. They increasingly access news via mobile devices (especially smartphones) and rely on social media and other intermediaries in terms of how they access and find news. Smart devices are starting to connect everything around us. These changes in trends can disrupt our businesses, our portfolios, and even our lives. But they don't have to.

As a result of this digital revolution, music and news can be customized. Static playlists and news stories are a thing of the past.

**Joe** asked for a show of hands as to how many of the Rotarians still owned a traditional clock/radio. There were a few. He referenced Pandora which is a musical streaming service playing musical selections of a certain genre based on the user's artist selection. The user then provides positive or negative feedback for songs chosen by the service and the feedback is taken into account in the subsequent selection of other songs to play. These are accessible on all smart devices

As the CPR moves forward, **Joe** hopes to entice more listeners to jazz and classical music. He wants to tailor the listening experience to what people want to hear.

He told us he loves his job and is having a great deal fun. He also mentioned that both his grandfather and father had been Rotarians. Let's pursue him to see if he's interested in joining our "fun" club.

A big thanks to **Jordan** for arranging this interesting program.

**President Dominic and Joe Barr**

As is our usual custom, **President Dominic** presented **Joe** with a Rotary gift, in gratitude for his informative presentation.

**President Dominic** then asked us to stand, raise our glasses and join him in a toast to *Rotary Around the World*.

The meeting was then adjourned.
