FOUNDATION NEWS

END POLIO NOW CAMPAIGN

EVERYONE BRING YOUR POCKET CHANGE — TO AFFECT CHANGE BY ENDING POLIO THROUGHOUT THE WORLD.

The **END POLIO NOW** campaign is still one of Rotary's top priorities. The Bill & Melinda Gates Foundation have extended their partnership with Rotary during the critical endgame phase of the Global Polio Eradication Initiative. Thanks to this partnership our contributions are matched two for one—\$25 becomes \$75.

Foundation Chair **Marilee Monagan** announced this year's goal is to raise \$1,000. Please save your loose change and deposit it in the *Change for Change* banks on the tables at our weekly meetings. **We collected \$63.11 at today's Rotary meeting. Awesome!!!** YTD is **\$1026.65** or **102.67%** of this year's goal.

ANNUAL GIVING/PAUL HARRIS SUSTAINING FELLOWS

We continue our goal to have **Every Rotarian** contribute at least **\$100** to **The Rotary Foundation** and strive to achieve the status of 100% Paul Harris Sustaining Fellows for the fourth year in a row.

For those who donate \$100 or more to **The Rotary Foundation**, **Marilee** will be presenting them with a special sticker for their badge.

PP **Marilee Monagan** introduced our speaker **Sacramento County DA Anne Marie Schubert. Anne Marie** is a career prosecutor with over 25 years of law enforcement experience. As a Sacramento County Deputy District Attorney, she has sent some of the area's most notorious and dangerous criminals to state prison. She has also created innovative programs for the District Attorney's Office focused on catching killers and criminals using DNA evidence, helping the children of our community by combating truancy, and honoring those citizens who have provided service to justice with the development of the annual Outstanding Citizen Awards.

One of **Anne Marie's** passions is the pursuit of justice through forensic DNA evidence and cold case prosecution. She formed the DA's Cold Case Prosecution Unit in 2002, served as its first prosecutor, and is a nationally recognized expert on forensic DNA.

Anne Marie was elected as Sacramento County's District Attorney in 2014 and was sworn into office in January 2015. Since taking office, one of her first priorities was to create the Government and Community Relations Bureau, whose programs include: Speakers Bureau, Citizen's Academy, Youth Academy, Youth Criminal Justice Shadow Day, and Reading Partners. Her office has recently created a unit to deal with animal cruelty issues and she is also actively involved with the issue of Human Sex Trafficking in Sacramento County.

The DA's office prosecutes cases that originate from nearly 40 federal, state and local law

enforcement agencies. The office is very proud of the strong and positive working relationship it has with all of its regional law enforcement partners.

Anne Marie leads a team of more than 400 dedicated professionals. The DA's Office is comprised of several Bureaus and/or Units. One of the largest Bureaus within the District Attorney's Office is the Bureau of Investigation. It is represented by nearly 80 members including: criminal investigators, investigative assistants, process servers, clerical staff, and investigative interns. The Bureau provides investigative support for the prosecution and litigation of criminal and/or civil cases.

The Sacramento County Crime Lab is one of the few in California that is managed by the District Attorney's Office. The lab has the highest quality service available for the recognition, collection, preservation, scientific analysis, and interpretation of physical evidence, with a goal towards presentation of such evidence in criminal court cases.

Collaborative Courts are dedicated courts created for certain types of offenders and vulnerable populations that have unique needs and circumstances, such as veterans and the homeless. These alternative courts reduce trauma on victims and provide offenders with services, such as mental health and drug or alcohol treatment, rather than jail time.

Special Prosecutions include the following:
The Child Abduction Unit investigates parental child abductions and helps enforce custody rights when a child has been taken, withheld or concealed in violation of a valid custody order.

The Consumer and Environmental Protection Division includes a consumer and environmental unit. The Consumer Unit investigates and prosecutes unfair, fraudulent and dishonest business practices which harm consumers and honest businesses. The Environmental Unit uses a combination of civil and criminal prosecution remedies to enforce laws that prohibit the illegal disposal of hazardous wastes and other pollutants onto public or private property and into the air and waterways.

The Insurance Fraud Unit handles workers' compensation fraud, automobile insurance fraud and organized automobile fraud cases. The team investigates and prosecutes these crimes.

The Mental Health Litigation Unit utilizes civil commitment hearings for individuals who have completed their maximum prison sentences but remain a danger to society and meet the statutory definition of sexually violent predators, mentally disordered offenders, or offenders formerly found not guilty by reason of insanity. Commitments are generally for one to two years and are for the purpose of treatment not punishment.

The Real Estate Fraud Unit investigates and prosecutes fraud complaints related to recorded real estate documents in Sacramento County. These cases include forgeries, identity theft/fictitious buyers, home equity scams, short sale scams, loan modification fraud and embezzlement.

The Special Investigations Unit prosecutes financial crimes with losses in excess of \$100,000; cases involving misconduct by public officials; political corruption and

election fraud. It also reviews officer-involved shooting reports submitted by law enforcement agencies.

Following her presentation, **Anne Marie** fielded questions from those in attendance.

As has been our tradition, **President Roland** presented **Anne Marie Schubert** with a check for her favorite charity in gratitude for her interesting and informative presentation.

After **Anne Marie** departed, we continued with our **Administrative Professionals' Program**. **PP Mo McBride** explained how the role of secretaries has evolved over the years as a result of an ever-changing economy and the impact of new technologies. **Mo** highlighted the importance of Administrative Professionals' in the success of any business. She then asked the Rotarians who invited their Administrative Staff to join us today to come forward and they were presented with flowers in recognition of their contributions to the success of our respective businesses.

President Roland then asked us to stand and raise our glasses in a toast to *Rotary Around the World*.

The meeting was then adjourned.

Of the things we think, say or do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?
