## END POLIO NOW CAMPAIGN

Our goal this year for Polio giving is \$1,000. We continue to have our **END POLIO NOW** banks on the tables at our weekly meetings.

We ask that you —

## BRING YOUR CHANGE FOR CHANGE.

The **END POLIO NOW** campaign is one of Rotary International's top priorities this year. Rotary and the Bill & Melinda Gates Foundation have extended their partnership during the critical endgame phase of the Global Polio Eradication Initiative. Thanks to this partnership our contributions are matched two for one—\$25 becomes \$75.

Last week the banks yielded \$46.30 To date, we have collected \$490.08 toward our goal of \$1,000.

Thanks to everyone who has donated.

**REMEMBER:** Anyone who donates \$25 or more gets a special End Polio Now pin.

Of the things we think, say or do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

## FINES AND RECOGNITIONS

In the absence of Fine Master **Maureen McBride**, **President Gene** asked if there were any Happy Thoughts. **President Gene** had one, his daughter turned 20. He rang the bell for \$100 to the club.

## HIGHLIGHTS OF THIS WEEK'S MEETING

PP **David Stone** introduced **Greg Patton**. **Greg** is a career banker and has been in the financial services industry for over 30 years. He possesses a unique blend of delivering economic information in an interesting and engaging manner.

**Patton** has undergraduate degrees in Speech/Theater Education — Black Hills State, South Dakota, and Economics — University of San Francisco as well as a graduate degree in banking from University of Washington's Pacific Coast Banking School.

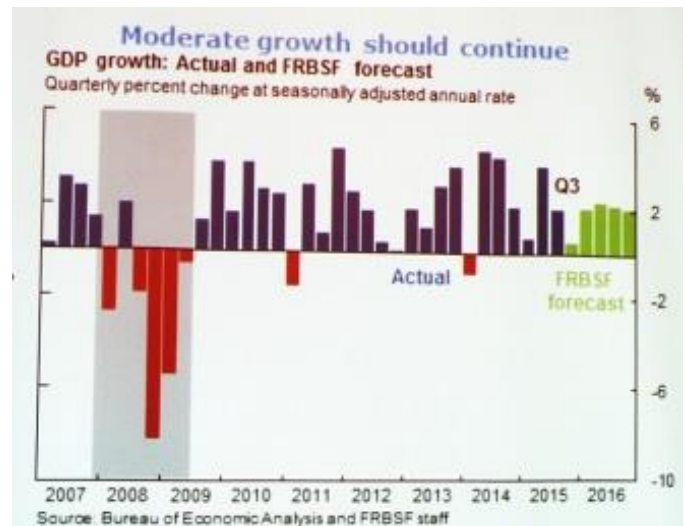

He currently serves as a Senior Vice President with Five Star Bank, a Sacramento based community banking company with an emphasis in customer service and customized financial solutions for small and medium-sized businesses.

A well-seasoned veteran of the public speaking arena and a Rotary Past President, **Patton** has also volunteered for countless not for profits in the region and served the banking industry through national committees for the American Bankers Association.

Today **Greg** shared with us "It's Just Money," a conversation about the emotional nature of our finances and how we can manage them.

Just like in other countries, the American economy suffered a severe setback when the economic crisis occurred in 2008. The American economy entered a recession caused by the collapsing real estate market and increasing unemployment. Despite this,

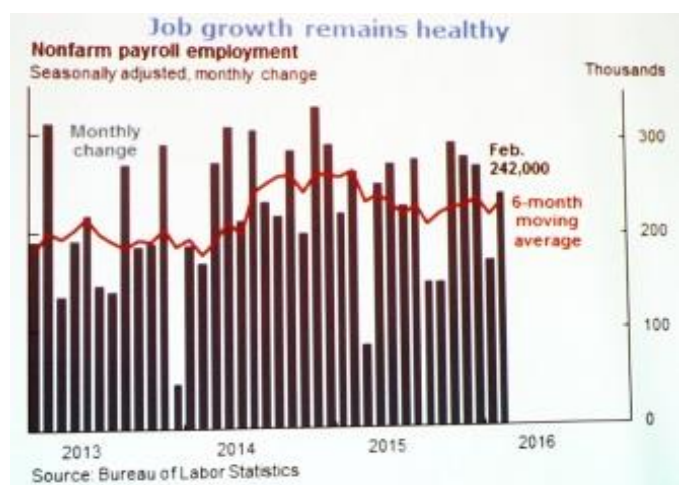

the standard of living is considered quite high; life expectancy in the United States has been continually increasing slightly over the past decade.

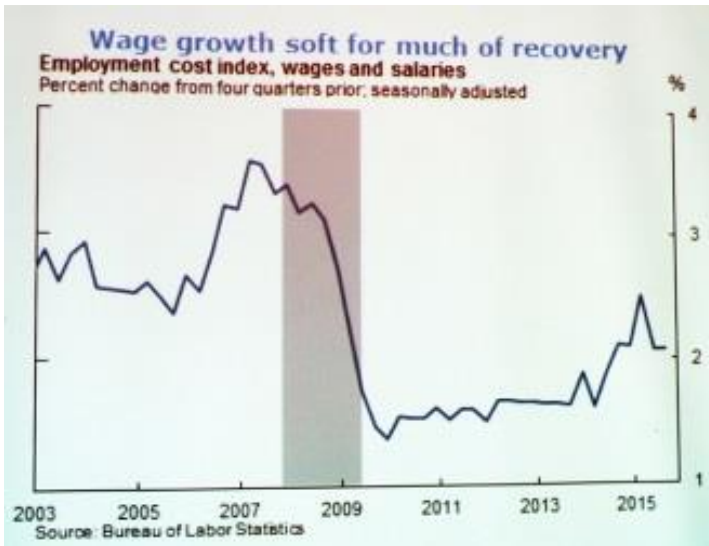

Gross Domestic Product (GDP) is the value of all goods and services produced in the U.S.

**Moderate growth should continue. The gray bar shows the recession.**

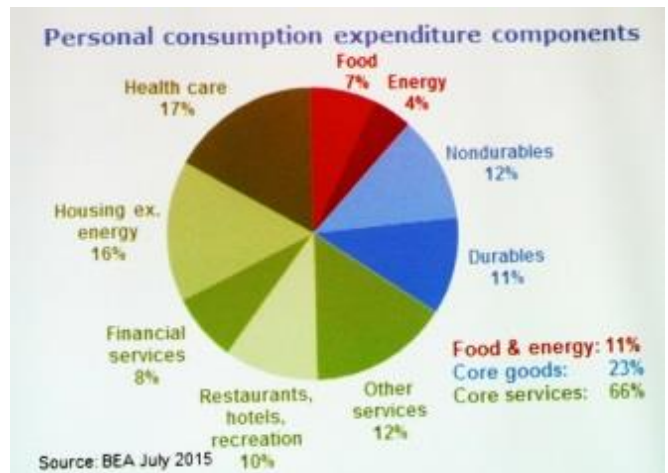

How it's used: GDP is used to measure economic output. The growth rate in GDP is closely evaluated by the Federal Reserve to determine whether the economy is growing too slowly, or too quickly.

The unemployment rate in the United States has been steadily recovering and decreasing since the recession.

Wage growth has been soft for much of the recovery since the recession. The gray bar shows the recession.

Personal consumption and expenditure components.

**Greg** then answered questions from the Rotarians.

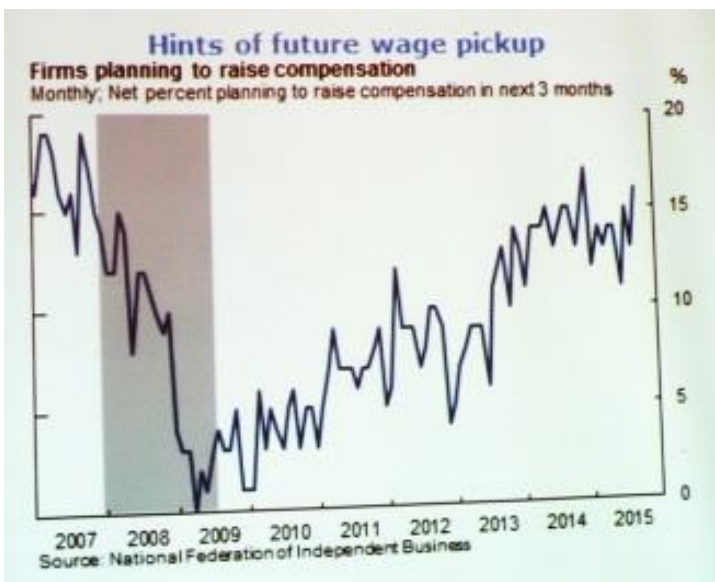

Chart shows the number of firms planning to raise compensation hints of future wage pickup.

**President Gene and Greg Patton**

As is our usual custom, **President Gene** presented **Greg** with a gift in gratitude for his informative presentation.

**President Gene** then asked us to stand, raise our glasses and join him in a toast to *Rotary Around the World*.

The meeting was then adjourned.
