## HIGHLIGHTS OF THIS WEEK'S PROGRAM

PP **Marilee Monagan** began by asking the veterans in the group to stand, she then introduced **Joycelynn Brown-Hollis**. **Joycelynn** is a native Sacramentan born on Mather Air Force Base in the existing VA hospital and attended John F. Kennedy High School. She studied Public Administration at Xavier University in Louisiana. She then returned to the Sacramento area and completed her BA degree in Communications and Public Relations at California State University Sacramento. She is currently Director for the Sacramento Veterans Resource Centers of America and has been serving our veterans for over five years.

Veterans Resource Centers of America, formerly, Vietnam Veterans of California, was established in 1972, by Peter Cameron and a number of other Veterans, whom had returned from Vietnam and were displeased with the services that were provided at the time. They started the project called 'Revenge of the Dragon' which would later become our organization.

The current SVRC location was opened in 1992 and houses our Men's Transitional Program, Behavioral Health Center, and The Supportive Services for Veteran Families Program (SSVF).

Located off site is our Women's Transitional Program, which houses female veterans. Additionally, VRC has just completed and opened our first Permanent Supportive Housing facility, located at Mather Field.

### Quick Facts:

1. Currently has 14 Centers through out Northern California, Nevada Arizona.

2. Has a Corporate office in Santa Rosa, CA
3. Is 85% plus, Grant Funded
4. Has administrative rates of only 10%, which means that 90% of all funding goes directly to client services

### **Men's Transitional Housing**

A two year dormitory style program that focuses on building skills and promotes positive steps towards self sufficiency. Currently there are 42 Beds for male Vets. Clients are assisted with obtaining benefits locating permanent housing and sustaining long term income. Clients are typically homeless or extremely disadvantaged and range from Vietnam era to the current Enduring Freedom Campaign era Veterans. All cliental must have a mental health or substance abuse diagnosis.

### **Quick Facts:**

1. Last year SVRC had 200 Veterans in Transitional Housing
2. We serve approximately 60,000 meals yearly, on a budget of \$6 per day, per person, for Breakfast, Lunch and Dinner
3. All clients are required to attend 5 groups weekly: 2 clinical groups, life skills group, housing group and Winning The Employment Game (Employment group). Other AOD and mental health groups are assigned as needed.
4. Most Clients stay with us an average of 18 months
5. Our Clinical Transitional Programs have one of the highest rates of recidivism in the nation
6. SVRC's Clinical transitional housing programs are V.A. Funded and regulated

### **Supportive Services for Veterans Families**

The SSVF Program is designed to help homeless and low income veterans and their families, locate or remain in permanent housing. The program can provide Case Management Services, Rental Assistance, Security Deposits, Utility Arrears Payments,

Emergency Hotel Vouchers and much more for our Veteran Families. The program can also assist with employment needs, child care and moving cost. There are some income requirements to the program. The SSVF program is designed to prevent or create a quick solution to veteran homelessness.

### **Mather Veterans Village**

In May 2016, VRC opened its first permanent Supportive housing Project at Mather Field, Mather Veterans Village. Phase one of this project is all leased up and includes 50 apartment units for homeless veterans and their families.

These Vets pay only 30% of their income towards rent, while SVRC provides the wrap-around supportive services necessary to help our clients maintain self-sufficiency.

Phase two of the Mather Project is scheduled to break ground in December 2017, with 46 units of Transitional Housing. VRC is currently raising the funds to complete this project

The final Phase of the Mather Veterans Village Project, Phase 2 will also break ground in December 2017, and will include an additional 50 units of Permanent Supportive Housing.

When all Phases of the Mather project are complete, our current SVRC location will convert to a 50 bed Behavioral Health Center that will also offer out patient services to members of the Sacramento Veteran Community.

The John S. Qberg Behavioral Health Center is a dual diagnosis treatment center, that works with veterans who are suffering from mental health related illnesses and addiction issues.

This center is a 10 bed program and is designed to last approximately 90 days, although most of our BHC residents request longer stays. This program provides a number of groups, one-on-one counseling sessions and activities to encourage and maintain our clients sobriety.

**Quick Facts:**

1. The Oberg Center is currently one of the best residential treatment centers in the nation for Dual Diagnosis Veterans, boasting one of the highest recidivism rates the VA system.
2. Last year the BHC provided approximately 1250 hours of behavioral health group therapy. We currently provide 22 groups per week in the Behavioral Health.
3. Additionally the BHC staff also provided 940 hours of individual therapy to clients and residents of the BHC program.
4. This program is staffed 24 hours a day with at least a Certified AOD Councilor.
5. Most BHC clients will become transitional clients after they complete their recovery with SVRC
6. This program is funded and regulated by the Department of Veterans Affairs
- 7.

**Donations**

Corporate and local citizen donations are the only way that we are able to provide extras for our cliental. When programs place limitations, VRC employees find other ways to make miracles happen and we could not do it without the support of our generous donors and supporters, like yourselves.

In the past Donations have been used to pay for: Travel tickets for client family emergencies.

Job Interviews and site visits for permanent housing.

Fun Friday events, which include' River day, pizza parties, movie nights, group outings etc

Educational Needs: Books, lap tops, etc to complete degree/certificate programs.

Necessary housing items: kitchen/cleaning supplies, bedding, beds, etc

Child Care

**Donations: on going needs**

We are currently looking for support in these areas.

2. MRE type meals, new blankets. coats and hats, for Vets currently on the streets

**Joycelynn Brown-Hollis and  
President Roland**

As is our usual custom, **President Roland** presented today's speaker with a Rotary gift in gratitude for her informative presentation.

Then, **President Roland** asked us to raise our glasses and join him in a toast to *Rotary Around the World*. The meeting was then adjourned.

## **DISTRICT 5180 UPDATE – FIRE VICTIMS SUPPORT**

From District Governor, Sandi Sava

Rotarians and members of our communities have been devastated by the fires in Northern California with loss of homes, schools and businesses, relocation, and, worse yet, death and injuries. We all are trying to figure out how, when, where and who to best help. I have been communicating regularly with the 41 Club Presidents in District 5180, our 8 Assistant Governors, our District Leadership, and a number of Rotarians. I also have been in close touch with Rotary International, our Zone Director John Matthews, and the District Governors in 4 neighboring Districts. Several plans are being developed and carried out at this time.

First, individual clubs and Rotarians are collecting and delivering personal hygiene and related items to evacuees and to victims of the fires in Yuba and Butte Counties in the Northern part of our District. They also are helping fire personnel and first responders. Our Assistant Governors are working with Club Presidents, Rotarians and members of our communities to proactively identify needs and provide assistance. While this is very important, the outpouring of donations has exceeded some needs. And, in some cases, the donated items cannot get to or through certain locations. Collection of personal hygiene items and new supplies still should be considered for victims who you specifically can identify, but donations of gift cards is preferred for many Napa and Sonoma victims at this time.

Second, our District has developed a funding platform to collect monetary contributions from donors who want to help financially. Specific details about use and disbursement of these funds will depend upon what information we obtain about needs and forms of assistance. Contributions can be made by check payable to "Rotary District 5180 Foundation" and mailed to District 5180 Foundation Chair, Robert Deering, 4917 Olympia Court, Carmichael, California 95608. We are not accepting electronic donations at this time.

Third, District 5180 is working with neighboring Districts to develop a regional fund with the help of and through Rotary International. As with the hurricanes and earthquakes, our fires make people from all over the world want to help directly, and a "Donor Advised Fund" through RI enables this. Although a DAF provides a platform to help with immediate help, it primarily provides opportunities for longer term assistance. We expect to have this in place within the next week.

The Lake Area Rotary Club Association [[www.larca5130.org](http://www.larca5130.org)] is already set up to accept contributions and help those victims in Napa, Sonoma, Mendocino and Lake Counties. Our District will continue to work with the Presidents, Assistant Governors and other Rotarians as we navigate through this disaster. If you have specific information about how to help, please contact your Club President, AG or me. We are here to help too and will provide further updates in the future.
