Vocational Speaker

Russ shared funny stories about running Orangevale Copy (previously called Copy N Color) for 23 years. Presently, the business is now 32 years young! At a Chamber luncheon he opened his mouth and shared that he could copy photographs...possibly eliminating the need for a large quantity of professional ones, but he was sitting across from Liz Craig who was an Orangevale Photographer....talk about eating your words. The strangest thing he was ask to copy was a Stuffed Piranha and the most amazing was an original newspaper the day after Lincoln's assassination. So many fun memories....but retired is nice too!

Prospector –**Mitch** has his chance to raise money....pin/badge check...Lorie for confusing him in understanding who people were that had a letter after their first names.....Zoomer's were charged \$2 and those who were late... Happy Fines came from Dennis whose mom celebrated her 93rd birthday in Fresno, Bill for the upcoming KofC golf tournament, Russ is donating to the TRF (The Rotary Foundation) celebrating his 75th birthday, our guest Roy for telling a good part of his life history, Joni for celebrating her son Joey's 35 birthday, Don R. donated \$2 per year for Rotary membership, and Catrina for which I wrote 33 grands....have no idea why I wrote that!

Club Assembly

--Community – Rob was covering for Steve...upcoming projects and reminded members that David is looking for a large project for his Rotary year ... \$10,000 or so....pitch your ideas to him!

--Membership – Audrey suggested that perspective members be invited to one of our many socials so they can see the fun we have.

--Public Relations – Catrina talked about a community board where people could see local places to volunteer, updating the club website and a form is being developed for people to sign off that it is OK for the club to use your picture in advertising what our club is about.

--International – Bryan talked about Microcredit and Fiji
