| Or can be totally supported RCBS projects    | Sustainability  |
| Sourcing of funding: fundraising or donation | Usually NGO Coordinated / Donating DDF and Funds from The Rotary Foundation |

# Helen E Newman Scholarship Fund (HENSF) - Nusa Penida

- **Coordinator:** **Committee:** Nathalie, Elisabeth, PP. Doris
- **NGO:** Friends of The National Park Foundation – Drh. Bayu
- This project was initiated in 2010 in coordination with the 'Friends of National Parks Foundation' (FNPF) by the late Rtn. Helen E. Newman.
- The RCBS provides scholarships for students, who come from impoverished backgrounds. There are currently twenty students in class 12 and 20 students in class 10 receiving a three-year high school scholarship in Nusa Penida.
- The cost for one year of schooling is US\$300, which covers school fees, uniforms, books and transport costs.
- 19 students are in class 12 (2016-2017) they will graduate from their high school in July 2017.
- 20 students started class 10, August 2016. RCBS will support these students for three year until they graduate in July 2019.

# Dengue Fever Awareness Program

- **Coordinator:** PP Anita
- **Supported by** Kasih Ibu Hospital
- The project launched in 2015 with fully supported by Kasih Ibu Hospital. A comprehensive pamphlet was produced, which outlines the prevention of Dengue. It explains what symptoms to watch for, and how it is diagnosed. As well there are details how to keep the Aedes Aegypti mosquitoes which cause Dengue away with a non toxic and inexpensive mosquito trap. 10,000 copies of this pamphlet have been published of which 5000 are in Bahasa and 5000 in English. These have been distributed to hospitals, schools, places of business, for both the local community and foreigners in Bali. A video of how to make a mosquito trap can be viewed here <https://youtu.be/KhlhggcRY8M>

**Committee:** Dr. Reny Duarsa

# Elementary Library Book School Project

- **Coordinator:** AG Patrick van Kampen      **Committee:** Lusi, Jorge Starke, Tineke
- In 2004 before the project started, PP Sarita Kaul and CP T. Patrick van Kampen, visited a number of elementary schools in the Seminyak area about the need for a 'separate' library room. Since then, books have been distributed to different elementary schools at least two times per year throughout southern Bali. On Saturday, 8<sup>th</sup> Oct, 2016 600 library books were distributed to SDN 1 Baturiti, Kerambitan, Tabanan and 600 library books for SDN 2 Baturiti, Kerambitan, Tabanan. This project is also funded by RCBS's annual "Bike-A-Fund" event.

# BIKE-A-FUND & POLIO 2016

- **Coordinator:** AG Patrick van Kampen
- Annual Bike-A-Fund - Held annually since 2002 and proceeds go towards the Elementary School Library Project.
- This year the “Bike-A-Fund” event took place on Oct 23, 2016, earning approximately IDR 20,000,000 (US\$ 1,500) and giving towards The Rotary Foundation’s Program for “End Polio”.

# Goat Micro Loan Pilot Project Nusa Penida

- **Coordinator:** PP Anita
- **Committee:** Peter Erni
- The Goat Micro Loan Pilot Project in Nusa Penida was initiated in May, 2013 in collaboration with the Friends of the National Parks Foundation- FNPF (with CEO Dr. Bayu), representing 28 selected farmers who received goats on a micro credit loan basis system with the Rotary Club of Bali Seminyak.
- Initially FNPF received from our club the amount of Rp. 64,790,000 for the purchase of **56 goats consisting of 50 female goats and 6 male goats** ( 2 goats per farmer), transport to the island of Nusa Penida and each to be medically checked. There were terms and stipulations agreed by the farmers and the club, including all farmers given goats must be responsible for their shelter. This is an ongoing project to initiate goats as viable livestock and a livelihood for farmers on this non-agricultural island.

# Hands for Tista, Tista, Abang Karangasem

- **Coordinator:** Erika Sedana
- **Committee:** PAG Marilyn, PP Anita, P Marie Francoise, Oliver and Florian
- **NGO:** John Fawcett Foundation / RCB Ubud Sunset Donation
  
- Started in Sept 2016, this project is helping and supporting the disadvantage people in the remote village of Tista, Abang, Karangasem (East Bali) for:
  - ▣ Eye Screening & Cataract Surgery with John Fawcett Foundation on Oct 4<sup>th</sup>, 2016.
  - ▣ Entrepreneurship Development
    1. Foods Production Rp. 20,000,000

    3. House Renovation Rp. 75,000,000
    4. Promotion and Operation Rp. 3,000,000

# Hands for Tista, Tista, Abang Karangasem

# ONGOING FUNDRAISING – SUNDAY BRUNCH

- **Coordinator:** Detlev & Lusi
- **NGO:** Yayasan Senyum (Cleft Lip & Palate)
- For the past 10 years, Rotarians Detlev and Lusi have opened their home almost every Sunday to anyone and everyone who would like to share a lovely lunch with them and their family. Lunch is FREE and you are only asked to leave behind a small donation to the SMILE Foundation where children and adults with cleft lip and/or cleft palate obtain **free** surgeries. Thanks to their efforts and their guests' generosity many such surgeries have been successfully carried out.

# ONGOING FUNDRAISING MUNTIGUNUNG PRODUCT PROJECT

- ❑ **Coordinator:** PP Doris
- ❑ **Committee:** Eric Guth
- ❑ **NGO:** Future for Children / Daniel Elber
- ❑ Supported by Future for Children Foundation, the local families in the remote area of Muntigunung produce Cashew Nut, Hammock, Palm Sugar and Rosella Tea. By purchasing their products, you are supporting the population of Muntigunung and providing them with a brighter, sustainable future.

# DONATION CONTRIBUTIONS

# 1. ACTIVE GLOBAL GRANT #1410647

## Water Sanitation in Payangan District, Puhu

## 2. Active GLOBAL GRANT #1527393

### The Otonomi Water Project in Flores

- **GG Amount:** US\$ 53,000.00
- **Period:** Aug 1, 2015 – Dec 2016
- **RCBS:** PP. Raphael Devianne, Yuki Masahara, Tineke
- **International Partner:** RC of Sainte-Foy (Quebec)
- **Two Bank Signatories:** Tineke and Raphael
- **NGO:** Water Bearer: Giles Raymond
- Received 30,000 yen (Rp. 3.81 million) from Yuki's friend
- To provide clean water to many villages as possible on the Island of Flores.
- By providing them clean drinking water, we will help them to diminish water-borne diseases for all. Therefore water access is a basic need for all the families in the villages.
- The water distribution network is planned to make sure that the distribution of water is fair for everybody.
- Water access is the first step in community development.

## 2. Active GLOBAL GRANT #1527393

### The Otonomi Water Project in Flores

- There are other needs as well:
  - ✓ Reduction of gastro-intestinal diseases.
  - ✓ Better attendance at school for children.
  - ✓ Reduction of workload for women.
  - ✓ Hygiene training for population

# 1. R I APPROVED APPLICATIONS - GG #1527393
