

## ROTARY CLUB BALI SEMINYAK BULLETIN July 11, 2018

July 11 is 'World Population Day'. **Pres Erika** shared its most significant objectives: family planning, gender equality, poverty, maternal health and human rights. Projections tell us we're on a worldwide population growth curve...and it's likely many people will need care, support...and for some, protection.

**Pres Erika** welcomed members who attended the meeting... **Sally, Marilyn, Marie Françoise, Manfred, Alex J., Anita, Patrick M., Florian, Alex P., Mario, Jorg, Gerard and Trevor.** **Alex P** was our **Sergeant at Arms** for today, in charge of the BELL, raffles and introducing our guests.

**Alex P** introduced our guests. We look forward to seeing them again.

Jenita

Ray

Guest Speaker IB Agung

Guest Speaker DRFC Al Purwa

Always a joyful event, **Patrick Le Provost** was inducted as our newest Rotarian member. Patrick comes to us with a long and successful history in hotel management. He has held executive positions in France, and now in Bali. Welcome to Rotary Club Bali Seminyak, Patrick. And we also wish to thank **Mario** for sponsoring Patrick.

Bastille Day was celebrated on July 7 at the Trans. **Marie Francoise** was the hostess with **Alex J** at her side. Great turnout and lots of fun...Moulin Rouge was the theme.

From Munich Germany, **Oliver** shared pictures of a flag exchange at RC of Munich. While Oliver is in Munich he is actively seeking financial partners for a Global Grant titled 'Enhancing Maternal Health Care with Bumi Sehat, Bali'. We couldn't have a better representative working on this project...and you'll get all the details about this Global Grant project at our July 25<sup>th</sup> meeting.

Do **YOU** want to do a project but maybe not sure how to begin? **Anita** proposed a 'how to' outline for developing and submitting club project proposals and her Power Point is attached. The Project Committee will be asking for your input and keeping you up to date as guidelines are refined so you'll be hearing more at coming meetings. In the meantime, do think about proposing a project of your very own.

**Heads up!** A vocational tour is scheduled in place of our lunch meeting on July 18. We'll be touring Yayasan Puspadi Bali where so many of our disabled community members go for help... at no cost. We'll see how prosthetics are built and fitted, physiotherapy is administered, wheelchairs are adjusted (little kids keep growing and their wheelchairs need to 'grow' with them), and more. We'll be able to admire the bus RCBS bought for this remarkable foundation...if it isn't out and about delivering services to patients.

In addition to working with the disabled, Puspadi Bali has recently become the manufacturing center for the Soap for Hope project. Maybe we'll go home with a bar of soap?

Director Pak Latra has brought a gazillion awards to this foundation...and you'll note that all the staff are themselves disabled. You won't want to miss this tour. Here are the details for attending.

### Vocational Program Wednesday, 18 July 2018

**Puspadi Bali**  
 Jl. Bakung No.19, Kesiman Kertalangu,  
 Denpasar Timur, Bali 80237

Registration:  
 RCBS Whatsapp Group – or –  
 Pres. Erika Sedana, +628113887747

**More heads up!** Directly following our vocational tour, the Projects Service Committee will hold its first committee meeting. Members are Chair **Anita**, **Dr. Patrick M**, **Jeni**

**John T and Marilyn.** All RCBS members and interested guests are welcome to attend. Here's when and where the committee will meet.

TIME: 12:30 P.M.

ADDRESS: Batu Jimbar Café  
Danau Tamblingan No.75  
Sanur, Denpasar

We missed singing a loud and slightly out of tune Happy Birthday to **Patrick V K.** Patrick was doing his own singing at the Do Re Mi National Plus School, welcoming returning and new students as the new semester begins.

And we now have four Patricks in the club, so please excuse the identifying initials.

**Pres Erika** attended District 3420's Grant Management Seminar on July 6 and 7 in Java. She came back with all the latest information about Global Grants and District Grants. The Rotary Foundation sets the standards for these projects that define how they are managed. Both Global Grants and District Grants are funded by club member donations to The Rotary Foundation.

**Guest speaker Ida Bagus Agung Partha Adnyana**, Director Bali Tourism Board, graphically explained how the Center for Controlling Operations has re-organized to help

A copy of the Power Point presentation is attached and for those who frequently travel, it might be worthwhile to keep a copy. All the telephone numbers and contacts you might need are in this Power Point.

**Guest Speaker PDG/DRFC Al Purwa** explained how donations to TRF come back to clubs and why these donations are so important to clubs.

## CREATING SUSTAINABILITY OF SERVICES TO HUMANITY

Humanitarians like Warren Buffett and Bill and Melinda Gates have donated MILLIONS of dollars to The Rotary Foundation to do 'Good in the World' and to help Rotary clubs do large projects. The Gates Foundation places special emphasis on eradicating polio...now getting close to that goal, but not there yet.

Making donations on-line via the Rotary International website [www.rotary.org](http://www.rotary.org) has been made way easier to use and Al's Power Point tells you how to do it. AND, don't forget **Oliver** is our TRF chair this year and will gratefully accept your donations and get them to The Rotary Foundation.

**PDG/DRFC Al** closed his presentation with kind words about YKIP, an NGO that focuses on scholarships for poverty level children. Again, perfect timing for our club 'cause we're doing a District Grant with this NGO and presented it to the club on July 4.

Couldn't resist sharing what a relaxed Rotarian looks like...meet transferring Rotarian **Trevor Jarrett**.  
Welcome to RCBS Jarrett!

Would you believe it? Anita won the Raffle prize AGAIN! She's a magnet for winning raffle tickets.

OMG! Lunch was soooooooooo delicious! Wish I could have asked for seconds. If you missed this meeting you missed a real foody treat.

And as Pres Erika ended the meeting she again shared worthwhile words of wisdom.

**LIFE IS SHORT. SMILE WHILE YOU STILL HAVE TEETH.**

Yours in Rotary,  
Sec Marilyn, Erika and Yohana
