

## Rotary Club Bali Seminyak Bulletin 7.25.18

Our July 25 meeting was amazing! Visiting Rotarians, guests and members too, expressed hugely complimentary thoughts about the meeting...here are a few of the words we heard about this meeting: **dynamic, caring, informative, friendly, proactive, well planned, delicious lunch, FUN!**

In celebration of Emoji Day, **Pres Erika** asked us what our best guess was about how many of these icons exist in today's digital vocabulary. **Florian's** guess was closest at 2400 and the documented number was 2823. Is it also true that one Emoji is worth a thousand words?

Not to be outdone, **Florian** then asked **Pres Erika** how many hearts a worm has? WOW!! It has five. (Is that why if we accidentally cut a worm in half, both halves survive?)

Thanks to our visiting **District Governor Wayan Suryawan** and his District officer's for bringing happy Emoji stickers to be stuck on one and all. We can also thank the DG for bringing us the latest Rotary pins showing this year's Rotary motto "**Be the Inspiration**".

**Sally** had the honor of reading the Four Way Test and then ALL of our many visiting Rotarians guests were introduced by **Sergeant of Arms Florian**. We are always hopeful some of our guests will be **inspired** to become Rotarians.

**And a big welcome to our visiting Rotarians and guests.**

Accolades to **Mario** who had SIX guests attending this meeting!

And we're soooo happy to learn that Tim Cameron of Stella's Children Foundation is planning to rejoin us as a member.

**Pres Erika** looks forward to seeing guests who have attended our meetings twice deciding to attend a third meeting...and then choosing to become an RCBS member.

Welcome to our RCBS members...**Sally, Marilyn, Alex J, Jeni, Patrick L.P., Anita, Patrick M., Florian, Alex P., Virginie, Mario, Erika, Patrick V. K., Gerard**, and glad to see **Jannell, Dr. Jurgen** and **Jorge** back.

**Marilyn** shared a short Power Point showing the battle against plastic can be successful ...one village at a time. Villagers in Bentuyung-Sakti independently planned and implemented a 'get rid of plastic' project and it's working.

**Anita** shared an excellent Power Point about Bumi Sehat, the well-established clinic near Ubud that specializes in maternal and child health care. **Anita** and her committee has put in many hours gathering information for this potential Global Grant. Now one of the most difficult tasks is in process and that is obtaining financial support from other Rotary clubs. And in case you didn't know, the new Bumi Sehat Clinic was designed pro bono by our own **Oliver**.

**Guest Speaker District Governor Suryawan** earned his degree in chemistry but his personal chemistry is clearly that of a philanthropist. As a young man he was a leader in Rotaract, then on to Rotary and now our District Governor. The DG is committed to Doing Good in the World and has personally established four foundations, all aimed at bettering the lives of people. A team player, he believes in all of us working together to achieve Service Above Self. As the DG clearly stated, every project must have a combination of three strengths to be successful...Quality, Function and Expertise. We look to our DG to lead....and we will follow.

**Guest speaker Alice** described how the Lighthouse Foundation offers rehabilitation services to those trying to beat drug and alcohol addictions. Check out the website for more information.

**Alex J** leaked Rtn Crash's secret. It was his birthday and we were all delighted to share it with him.

And at long last **Patrick V K** got his overdue birthday cupcake!

**Rtn Torsten**, Rotary Club Usingen in Germany, exchanged flags with Pres Erika. (Torsten had high praise for our meeting! And we thought he was a great guy and glad to have him with us.)
