Project Overview

Tell us a little about your project. What are the main objectives of the project, and who will benefit from it?

Objectives include;

To improve the health status of women and children through improved access and quality Reproductive and Child Health services with focused attention to the most vulnerable sections of the society.
To promote the Positive health seeking behavior among community particularly in the women of reproductive age group.
To improve the status of Ante Natal Check-ups, Post Natal Check-ups and promote institutional deliveries amongst target group.
To educate approx. 10,000 adolescent girls and boys through Family Life education in Middle and secondary schools in project areas
To promote menstrual health

RC Kampala South in collaboration with local health facilities and other partners will implement the health project in 5 areas of;

1. Kabulasoke-Gomba (South-Central Uganda),
2. Busesa-Bugweri (Busoga region),
3. Nyaconga-Kabale (Kigezi region),
4. Kikandwa-Mukono (North Central Uganda) and
5. Bushikori-Mbale (Bugisu region)

The health facilities include;

1. Bushikori Health Centre III - Bushikori,
2. Bukalagi Health Centre III - Kabulasoke,
3. Hope Medical Centre -Busesa,
4. Kamuganguzi Health Centre III - Nyaconga and
5. Kikandwa Health Centre III - Kikandwa

Despite impressive reductions in maternal mortality the national Maternal mortality rate remains high at 336/100,000 while the child mortality rate stands at 45/1000 live births (Uganda Demographic Health Survey).

Mothers who have at least 3 Ante-Natal care visits during the last pregnancy (%) – 54%

Institutional births (%) – up to 50%

Children (12-23 months) fully immunized (BCG, 3 doses each of DPT and polio and one dose of Measles) (%) – over 60%

The female literacy rate in these areas is only 24 percent with a large family size of 5-10 members per household. The females have poor status in the family. Men are the decision makers and pose a great resistance to change.

The poor health means lesser life expectancy for people in the region. The life expectancy for women is lesser than for males. This is because women have a more difficult life than men. The average age of women getting married in this area is 13. They have their first child by 14 or 15. An average woman in such areas will have around 6-7 pregnancies. 25 percent of adolescents age 15-19 have begun childbearing. (Uganda Demographic Health Survey,2016)

By the time a woman reaches middle age, her health is in shambles because of unusually high number of pregnancies and their impact on the body.

A pregnant woman is not given any special diet.

The main occupation of the people in these areas is agriculture and allied and agro-based activities.

A team of 7 people comprising with 2 clinicians, 2 Social Workers, lab technician & 2 midwives will move together to the identified and selected villages to provide services of healthcare to the women and children of rural areas where such facilities are inaccessible. 2 such clinics will be organized every month covering the 5 areas.

Each project area will have a rotation period of 2 months. It will be equipped with medicines/supplies and other necessary equipment (as per attached quotation list) required for conducting immunization, tests of women, pregnant women, and adolescents.

We shall also install software onto laptops at the partner health facilities and this is intended to connect pregnant mothers and/or sick children to such facilities by simply typing a USSD code on their phones. This will then notify health workers in the area who will proceed to contact such patients and provide physical visits to assess, diagnose and provide treatment/guidance. The software shall also help in storing of patient records, following up and reviewing them and/or referring them to other health centers.

The health workers in these facilities will then receive regular training in managing this software and making quick decisions as guided by health data. They will be trained in performing a number of antenatal care tests and ultrasound scan.

The members of the Rotary Club of Kampala South will work with local Rotary clubs - Mbale, Kayunga, Kabulasoke-Gomba, Iganga and Kabale to regularly visit the areas to supervise and monitor the project activities /progress.

Areas of Focus

Which area of focus will this project support?

Disease prevention and treatment

Maternal and child health

Measuring Success

Disease prevention and treatment

Which goals will your activity support?

Improving the capacity of local health care professionals; Strengthening health care systems;

How will you measure your project's impact? You need to include at least one standardized measure from the drop-down menu as part of your application.

Measure	Collection Method	Frequency	Beneficiaries
Number of medical and health professionals trained	Grant records and reports	Every three months	20-49
Number of recipients of disease prevention intervention	Grant records and reports	Every six months	500-999
Number of health facilities benefiting	Grant records and reports	Every year	1-19
Number of health educational campaigns	Grant records and reports	Every six months	1000-2499

Do you know who will collect information for monitoring and evaluation?

Yes

Name of Individual or Organization

M Consults Uganda Ltd

Briefly explain why this person or organization is qualified for this task.

M Consults is a reputable organization involved in Monitoring and Evaluation work for a number of projects. The organization has worked with the Rotary club of Kampala South in the past and we are confident they will do a great job on this project as well (Profile attached)

Which goals will your activity support?

Reducing the neonatal and newborn mortality rate; Reducing the mortality and morbidity rate of children under five; Reducing the maternal mortality and morbidity rate; Improving access to essential medical services, trained community health workers, and health care providers;

How will you measure your project's impact? You need to include at least one standardized measure from the drop-down menu as part of your application.

Measure	Collection Method	Frequency	Beneficiaries
Number of mothers receiving prenatal care	Direct observation	Every three months	100-499
Number of maternal and child health professionals trained	Direct observation	Every three months	50-99
Number of benefiting health facilities	Focus groups/interviews	Every month	1-19

Humanitarian Projects

Project planning

Describe the community needs that your project will address.

Primary Health care facilities are supposed to provide a number of services; it was found that people often do not trust health workers here. Medicines which are supposed to be given free of cost, are almost never available. Most villages do not have trained midwives and doctors. There are several quacks practicing openly without restriction and draw crowds of eager patients. Problems like absenteeism by medical workers in hospitals. Problem faced during the 2019 Nationwide Vaccination program as people had fears that vaccines were attempts to make the people impotent and threaten their race.

People often travel long distances to get proper medical care. But those who cannot afford the travel have little option. Cost of transport is a large component of the cost of medical care.

How did your project team identify these needs?

We have been conducting community medical outreaches in these areas and continuously engaged with the population through interviews and group discussions

The project team ran a series community needs assessment visits

The team interviewed local health workers to understand the operations of the health facilities

The team spoke to pregnant mothers to understand the challenges around access to antenatal care

How were members of the benefiting community involved in finding solutions?

We conducted focused group discussions with the members of the communities, regarding the identified problems, and together came to an understanding on the best way forward.

The local health facilities provided data from their monthly and annual reports

The pregnant mothers shared their key challenges regarding access to ultrasound scan services

The local health workers shared their keep information gaps and areas of interest for training

How were community members involved in planning the project?

The local health workers were engaged and their opinions noted

The local communities were involved in town hall meetings where their views and suggestions regarding the project were captured

The District health officers provided technical support and recommended the health facilities

The heads of the health facilities organized meetings with their staff and later signed MOUs on agreed project activities and roles

Project implementation

Summarize each step of your project's implementation.

Do not include sensitive personal data, such as government ID numbers, religion, race, health information, etc. If you include personal data, you are responsible for informing those whose personal data is included that you are providing it to Rotary and that it will be processed in accordance with Rotary's [Privacy Policy](#).

#	Activity	Duration
1	Organisation of health workers	1 month
2	Signing of agreements and MOUs	2 weeks
3	Acquisition of supplies, consumables, materials and equipment	1 month
4	Mobilisation of beneficiaries - Pregnant mothers and children	1 month
5	Training Workshops	3 months
6	Mobile Clinics	24 months
7	Monitoring and Evaluation	3 months

Will you work in coordination with any related initiatives in the community?

Yes

Briefly describe the other initiatives and how they relate to this project.

The project seeks to strengthen the health referral system and so we shall work with district and regional referral medical organizations and hospitals to ease the process of pregnant mothers accessing care

Please describe the training, community outreach, or educational programs this project will include.

The project will include focused trainings for health workers, especially midwives to improve their capacity in identifying maternal and child health risks

The training shall also focus on equipping local health workers with skills and knowledge on the operations and care for equipment such as ultrasound scan and blood pressure machines

We shall also conduct community outreaches and training for pregnant mothers to promote antenatal care, its benefits and the need to give birth under the care of qualified persons

How were these needs identified?

We conducted focused group discussions with the local health workers and members of the communities, regarding the identified problems, and together came to an understanding on the best way forward.

What incentives (for example, monetary compensation, awards, certification, or publicity), will you use, if any, to encourage community members to participate in the project?

The community members shall be rewarded with offers such as free laboratory tests, ultrasound scan screening and mama kits. They will also be linked to care for proper child birth.

List any community members or community groups that will oversee the continuation of the project after grant-funded activities conclude.

The local health facilities shall have been empowered by the end of the project to continue screening for pregnant mothers, sick children and providing necessary support.

Budget

Will you purchase budget items from local vendors?

Yes

Explain the process you used to select vendors.

A competitive bidding process was used. The Rotary Club of Kampala South has in the past conducted assessments for vendors, after which their offers and quotations were analyzed, and the best one selected.

Did you use competitive bidding to select vendors?

Yes

Please provide an operations and maintenance plan for the equipment or materials you anticipate purchasing for this project. This plan should include who will operate and maintain the equipment and how they will be trained.

For basic equipment such as glucose meters and blood pressure machines, the teams consisting of nurses, midwives and clinicians shall ably operate them. These same health workers shall be trained to operate the Ultrasound scan machines. The equipment shall be safely kept in stores of local health facilities and directly supervised by the In-charges of such facilities.

They will clean and dust the equipment daily

They will sanitize the glucometers and blood pressure machines every after use

They have identified stores where equipment shall be safely locked up after use

The ultrasound scan and printer shall be serviced every 3 months and scan paper replaced

Describe how community members will maintain the equipment after grant-funded activities conclude. Will replacement parts be available?

The medical staff at the local health facilities shall maintain the equipment on behalf of the communities. suppliers of these machines shall also be expected to provide regular checkup, maintenance and spares for the equipment.

For the ultrasound scans, these health centers shall through collection of user fees, ensure that the machines are serviced and scan paper replaced regularly.

They will ensure proper cleaning and storage of the other equipment such glucometers and blood pressure machines.

If the grant will be used to purchase any equipment, will the equipment be culturally appropriate and conform to the community's technology standards?

Yes

Please explain.

We hope to procure medical equipment from regular suppliers and brands, as commonly used in the communities. The brands are already being used in the country, they are culturally appropriate and simple to use.

After the project is completed, who will own the items purchased by grant funds? No items may be owned by a Rotary district, club, or member.

The items purchased shall be owned by partner local health facilities

Funding

Does your project involve microcredit activities?

Have you found a local funding source to sustain project outcomes for the long term?

Yes

Please describe this funding source.

1. User fees -patients and/or their care takers shall pay minimal fees for the ultrasound scan services
2. The local health facilities shall also contribute resources to the training and operations costs.

Will any part of the project generate income for ongoing project funding? If yes, please explain.

Yes. The community members shall pay minimal fees for ultrasound scan screening. This will support the operations and maintenance of the equipment.

Authorizations

Authorizations & Legal Agreements

Legal agreement

Global Grant Agreement - to be authorized by the primary contacts and club presidents (or DRFC chairs if district-sponsored)

This Global Grant Agreement (Agreement) is entered into by The Rotary Foundation of Rotary

International (TRF) and the grant sponsors (Sponsors). In consideration of receiving this Rotary Foundation Global Grant (Grant) from TRF, the Sponsors agree that:

1. All information contained in this application is, to the best of our knowledge, true and accurate.
2. We have read the Terms and Conditions for Rotary Foundation Global Grants (Terms and Conditions) and will adhere to all policies therein.
3. The Sponsors shall defend, indemnify, and hold harmless Rotary International (RI) and TRF, including their respective directors, trustees, officers, committee members, employees, agents, associate foundations and representatives (collectively Rotary), from and against all claims, including but not limited to claims of subrogation, demands, actions, damages, losses, costs, liabilities, expenses (including reasonable attorney's fees and other legal expenses), awards, judgments, and fines asserted against or recovered from Rotary arising out of any act, conduct, omission, negligence, misconduct, or unlawful act (or act contrary to any applicable governmental order or regulation) resulting directly or indirectly from a Sponsor's and/or participant's involvement in grant-funded activities, including all travel related to the grant.
4. The failure of the parties to comply with the terms of this Agreement due to an act of God, strike, government regulation, war, fire, riot, civil unrest, hurricane, earthquake, or other natural disasters, acts of public enemies, curtailment of transportation facilities, political upheavals, civil disorders, outbreak of infectious disease or illness, acts of terrorism, or any similar cause beyond the control of the parties shall not be deemed a breach of this Agreement. In such an event, the Agreement shall be deemed terminated and the Sponsors shall refund to TRF all unexpended global grant funds within 30 days of termination.
5. TRF's entire responsibility is expressly limited to payment of the total financing amount. TRF does not assume any further responsibility in connection with this grant.
6. TRF reserves the right to cancel the grant and/or this Agreement without notice upon the failure of either or both of the Sponsors to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund from the Sponsors of any global grant funds, including any interest earned, that have not been expended.
7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.
8. Any legal action brought by either party against the other party arising out of or relating to this Agreement must be brought in either, the Circuit Court of Cook County, State of Illinois, USA or the Federal District Court for the Northern District of Illinois, USA. Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against Sponsors and/or individuals traveling on grant funds in any court with jurisdiction over them.
9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.
10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.
11. Sponsors may not assign any of their rights under this Agreement except with the prior written consent of TRF. Sponsors may not delegate any performance under this Agreement without the prior written consent of TRF. Any purported assignment of a Sponsor's rights or delegation of performance without TRF's prior written consent is void.
12. TRF may assign some or all of its rights under this Agreement to an associate foundation of TRF. TRF may delegate any performance under this Agreement to an associate foundation. Any other purported

assignment of TRF's rights or delegation of performance without the Sponsors' prior written consent is void.

13. Sponsors will comply with all economic and trade sanctions, including those implemented by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, and will ensure that they do not support or promote violence, terrorist activity or related training, or money laundering.

14. This Agreement constitutes the final agreement between the parties. No amendment or waiver of any provision of this Agreement shall be effective unless it is in the form of a writing signed by the parties.

15. Rotary may use information contained in this application and subsequent reports for promotional purposes, such as in Rotary magazine, in Rotary Leader, on rotary.org and on social media. For any and all photographs submitted with any application or follow-up report, the Sponsor hereby grants to Rotary an unlimited, perpetual, worldwide right and license to use, modify, adapt, publish, and distribute the photograph(s) in any media now known or hereafter devised, including but not limited to, in Rotary publications, advertisements, and Websites and on social media channels. The Sponsor represents and warrants that (a) each adult appearing in the photograph(s) has given her/his/their unrestricted written consent to the Sponsor to photograph them and to use and license their likeness, including licensing the photograph(s) to third parties, (b) the parent or guardian of each child under age 18 or each person who lacks legal capacity appearing in the photograph(s) has given unrestricted written consent to the Sponsor to photograph the child or individual and to use and license their likenesses, including licensing the photograph(s) to third parties, and (c) it is the copyright owner of the photograph(s) or that the copyright owner of the photograph(s) has given the Sponsor the right to license or sublicense the photograph(s) to Rotary.

16. Privacy is important to Rotary and any personal data that the Sponsor shares with Rotary will only be used for official Rotary business. The Sponsor should minimize the personal data of Grant beneficiaries that it shares with TRF to only personal data that TRF specifically requests. Personal data that is shared with TRF will be used to enable the Sponsor's participation in this Grant process, to facilitate the Sponsor's Grant experience and for reporting purposes. Personal data provided to TRF may be transferred to Rotary service providers (for example, affiliated entities) to assist Rotary in planning Grant-related activities. By applying for a grant, the Sponsor may receive information about the Grant and supplementary services via email. For further information about how Rotary uses personal data, please contact privacy@rotary.org. Personal data provided to TRF or collected on this form is subject to [Rotary's Privacy Policy](#).

17. The Sponsors agree to share information on best practices when asked, and TRF may provide their contact information to other Rotary members who may wish advice on implementing similar activities.

18. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

19. To the best of our knowledge and belief, all relationships between grant committee members, district officers, and other members of the sponsor clubs or districts and any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant have been disclosed in this application. Except as disclosed here, neither we nor any person with whom we have or had a personal or business relationship will benefit or intends to benefit from Rotary Foundation grant funds or have any interest that may represent a potential conflicting interest. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or scholarship that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

6. TRF reserves the right to cancel the grant and/or this Agreement without notice upon the failure of either or both of the Sponsors to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund from the Sponsors of any global grant funds, including any interest earned, that have not been expended.
7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.
8. Any legal action brought by either party against the other party arising out of or relating to this Agreement must be brought in either, the Circuit Court of Cook County, State of Illinois, USA or the Federal District Court for the Northern District of Illinois, USA. Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against Sponsors and/or individuals traveling on grant funds in any court with jurisdiction over them.
9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.
10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.
11. Sponsors may not assign any of their rights under this Agreement except with the prior written consent of TRF. Sponsors may not delegate any performance under this Agreement without the prior written consent of TRF. Any purported assignment of a Sponsor's rights or delegation of performance without TRF's prior written consent is void.
12. TRF may assign some or all of its rights under this Agreement to an associate foundation of TRF. TRF may delegate any performance under this Agreement to an associate foundation. Any other purported assignment of TRF's rights or delegation of performance without the Sponsors' prior written consent is void.

13. Sponsors will comply with all economic and trade sanctions, including those implemented by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, and will ensure that they do not support or promote violence, terrorist activity or related training, or money laundering.

14. This Agreement constitutes the final agreement between the parties. No amendment or waiver of any provision of this Agreement shall be effective unless it is in the form of a writing signed by the parties.

15. Rotary may use information contained in this application and subsequent reports for promotional purposes, such as in Rotary magazine, in Rotary Leader, on rotary.org and on social media. For any and all photographs submitted with any application or follow-up report, the Sponsor hereby grants to Rotary an unlimited, perpetual, worldwide right and license to use, modify, adapt, publish, and distribute the photograph(s) in any media now known or hereafter devised, including but not limited to, in Rotary publications, advertisements, and Websites and on social media channels. The Sponsor represents and warrants that (a) each adult appearing in the photograph(s) has given her/his/their unrestricted written consent to the Sponsor to photograph them and to use and license their likeness, including licensing the photograph(s) to third parties, (b) the parent or guardian of each child under age 18 or each person who lacks legal capacity appearing in the photograph(s) has given unrestricted written consent to the Sponsor to photograph the child or individual and to use and license their likenesses, including licensing the photograph(s) to third parties, and (c) it is the copyright owner of the photograph(s) or that the copyright owner of the photograph(s) has given the Sponsor the right to license or sublicense the photograph(s) to Rotary.

16. Privacy is important to Rotary and any personal data that the Sponsor shares with Rotary will only be used for official Rotary business. The Sponsor should minimize the personal data of Grant beneficiaries that it shares with TRF to only personal data that TRF specifically requests. Personal data that is shared with TRF will be used to enable the Sponsor's participation in this Grant process, to facilitate the Sponsor's Grant experience and for reporting purposes. Personal data provided to TRF may be transferred to Rotary service providers (for example, affiliated entities) to assist Rotary in planning Grant-related activities. By applying for a grant, the Sponsor may receive information about the Grant and supplementary services via email. For further information about how Rotary uses personal data, please contact privacy@rotary.org. Personal data provided to TRF or collected on this form is subject to [Rotary's Privacy Policy](#).

17. The Sponsors agree to share information on best practices when asked, and TRF may provide their contact information to other Rotary members who may wish advice on implementing similar activities.

18. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

19. To the best of our knowledge and belief, all relationships between grant committee members, district officers, and other members of the sponsor clubs or districts and any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant have been disclosed in this application. Except as disclosed here, neither we nor any person with whom we have or had a personal or business relationship will benefit or intends to benefit from Rotary Foundation grant funds or have any interest that may represent a potential conflicting interest. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or scholarship that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.
