The Gift of Giving through The Rotary Foundation

Dear Fellow Rotarians and Valued Friends,

As we delve into this edition of our magazine, we embrace the theme of “Giving” and reflect on the transformative power it holds - both for us as individuals and for the countless lives we touch through The Rotary Foundation. Giving is at the heart of Rotary, a principle that not only embodies our mission but also strengthens our bonds as a community dedicated to service.

The Rotary Foundation serves as a beacon of hope, channeling our collective generosity into meaningful projects and initiatives around the world. Established with the intent to create positive change, the Foundation enables us to address critical challenges - be it in fighting polio, ensuring access to clean water, supporting education, or responding to humanitarian emergencies. Each dollar we contribute is a commitment to creating a better world.

This edition features stories that illustrate the ripple effects of our giving. You will read about inspiring projects that have been funded through the Foundation, directly impacting the lives of individuals and families in need. These narratives serve as powerful reminders of what can be accomplished when we come together with a shared vision of service and compassion.

As Rotarians, we are fortunate to be part of an organization that empowers us to effect change on both a local and global scale. However, the impact of our work hinges on our willingness to support The Rotary Foundation proactively. Our contributions - whether financial gifts or the time we dedicate to projects - are vital to the sustainability of our initiatives and the growth of our collective impact.

I encourage each of you to consider how you can expand your engagement with The Rotary Foundation. This may involve increasing your annual giving, participating in fundraisers, or simply sharing the mission of Rotary with others in your network. Each act of giving represents a step toward a broader vision where every individual has access to the resources they need to thrive.

In a world facing myriad challenges, our commitment to giving has never been more crucial. Let us continue to embody the spirit of generosity that defines our club and the Rotary movement as a whole. Together, we can champion the ideals of service above self and ensure a brighter future for those we serve.

Thank you for your unwavering dedication and spirit of giving. Together, we can make a difference.

*Yours, United in Rotary
Service.*

Faridah Namutebi
34th President
RC Kampala South

The Rotary Foundation: A Beacon of Hope and Change

Dear Rotarians, Friends of Rotary and Esteemed Members of the Rotary Club of Kampala South,

I hope this message finds you well and thriving in the spirit of service that unites us all as Rotarians. In this November Edition of the ***Southern Times***, I would like to take a moment to reflect on an essential pillar of our organization - The Rotary Foundation (TRF) - and the profound impact that our giving has on communities across the globe.

The Rotary Foundation, established in 1917, serves as the bedrock of our humanitarian efforts, funding projects that address some of the world's most pressing challenges. From eradicating polio to providing clean water, promoting education, and empowering communities, the work of the Foundation exemplifies the power of collective giving.

The Power of Giving

As Rotarians, we understand that our contributions to the Foundation are not merely donations; they are investments in a brighter future. Each dollar we contribute is multiplied through global grants, enabling us to tackle issues with a broader scope and reach. Our generosity allows us to pursue projects that can have a lasting impact, changing lives and restoring hope where it is needed most.

In the past year, our club has contributed significantly to various initiatives supported by the Rotary Foundation. Projects such as: Send-A-Cow; the Jjany-Ddundu-Dewe Adopt-A-Village Project; the Mengo Hospital Haemo Dialysis Project; the Maternal and Child Health (MCH) Mobile Clinics in our project areas around the country; the Kikandwa Health Centre IV; and the WASH and Solid Waste Management Global Grants in the Refugee Settlement in Kyaka II Refugee Camp, Kyegegwa District; the RCCs - Nyaconga, Bushikori, Bumasiye, Busesa and Kikandwa; and among many other

Global Grants funded projects yet to be executed - have not only improved the quality of life for many but have also fostered fellowship and unity among our members. The joy of giving and the satisfaction of seeing tangible results are what we, as Rotarians, cherish deeply.

Engaging Our Community

As we move forward, it is essential to engage our members and our community in the mission of the Rotary Foundation. By sharing the stories of those we've helped - those who are now living healthier, happier lives due to our contributions - we inspire others to join our cause. Consider organizing community events or presentations that highlight the impact of our work and the importance of giving to the Foundation.

Additionally, we can encourage our members to consider their giving options. Whether through regular donations, bequests, or participating in fundraising events, every effort counts. Let us challenge ourselves to reach new heights in our contributions, knowing that each contribution brings us one step closer to a world where every individual has access to the resources they need to thrive.

Transforming Lives Together

In conclusion, the Rotary Foundation reminds us of the incredible potential we have as Rotarians to create positive change. By continually supporting this vital entity, we can transform lives, uplift communities, and forge a legacy of hope and service. Let us unite in our commitment to the Foundation and amplify our efforts in giving.

Thank you for your steadfast dedication and service. Together, we are not just members of a club; we are champions for change.

DG'S MESSAGE:

Geoffrey Martin Kitakute

District Governor - Rotary District 9213

The Rotarians' Power of Giving

Fellow Rotarians, when we joined Rotary, we pledged to serve above self, and also to be people of action. One of the most powerful ways we live out that promise is by giving to The Rotary Foundation.

The Rotary Foundation is the engine that drives Rotary's good work across the world.

It turns our compassion into clean water, our generosity into education, and our service into lasting change in communities.

For us here in Uganda, giving to the Foundation is more than charity, it is an investment in our people and our communities, so that they can have a bright future.

Think about the many lives touched by Rotary projects in Uganda - children who can now drink safe water in Nakayonza; mothers receiving better healthcare in Namutumba; young ladies ravaged by the war in Northern Uganda gaining vocational skills in Gulu; and families building sustainable livelihoods because the mothers have been given baking skills. Many of these stories are made possible because Rotarians, like you and me, chose to give to the Rotary Foundation. Every contribution, no matter how small, multiplies in impact that is why we are encouraging every Rotarian to give to the Foundation through our easy to use Give & Impact App (trf.rotaryd9213.org)

Through global and district grants, our giving comes back to us many times over, empowering our clubs to undertake bigger, better and more sustainable projects. When we give, we position our clubs as leaders and partners in Rotary's global network of service.

Our giving funds peace fellowships at Makerere University, disaster relief and humanitarian programs that make Rotary's name synonymous with hope and help.

Our giving also keeps the End Polio Now campaign alive, ensuring that Uganda and the world remain free from this devastating disease. Uganda has been polio-free for years, but a continued giving ensures that surveillance, vaccination and emergency response remain strong.

Our giving funds peace fellowships at Makerere University, disaster relief and humanitarian programs that make Rotary's name synonymous with hope and help.

But beyond the numbers and programs, giving to the Rotary Foundation is personal. It is a reflection of our gratitude, our commitment and our belief that service can change the world.

It is how we turn our values into action and our dreams into impact.

So, fellow Rotarians, let us give, and give so generously, joyfully and consistently. Because, every time we give to The Rotary Foundation, we are lighting a candle of hope in someone's darkness. We are building a better Uganda.

And, on 22nd November, let us get together for the TRF Dinner and celebrate our giving and the impact that we have to our communities. We shall be proving, once again, that when Rotarians come together, there is no limit to the good we can do in the world. And, that indeed,

#RotaryEyamba

Geoffrey Martin Kitakute

District Governor - Rotary District 9213

RI President's Message:

Francesco Arezzo

**President, Rotary
International, 2025-2026**

Let us give with gratitude

“ This November, as we celebrate The Rotary Foundation, I invite you to consider not only what we give but why we give

The Foundation is more than a fund for projects. It is the beating heart of our promise that service, rooted in trust and friendship, can create lasting change.

Our Action Plan calls us to increase our impact, and the Foundation is how we make this vision real. Since 1988, Rotary and our partners have immunized nearly 3 billion children against polio. We have committed more than \$2.6 billion to this cause, and last year alone we directed \$146 million toward the final push for eradication. These numbers are significant, but the true impact is not in statistics — it is in the lives of children who will never again fear polio. It is in the hope restored to families and the peace built in communities once defined by disease.

But polio is only one story among many. Each year, Rotary Peace Centers train new generations of leaders who will transform conflict into dialogue and division into understanding. In 2023-24, nearly 100 new fellows began their studies, continuing a legacy of more than 1,800 peacebuilders from over 140 countries. When we invest in them, we are planting seeds of peace that will bear fruit for decades to come.

The Foundation also touches lives through district and global grants, supporting projects large and small. A clean water well for a rural community, scholarships for young

professionals, medical care in the wake of disaster — these are not temporary gestures, but steps toward dignity, resilience, and opportunity. This is how Rotary service becomes lasting impact. And when natural disasters strike, our Foundation allows Rotary to act quickly with disaster response grants.

Our Foundation is not about what we can do alone but what we can do together. Each contribution, no matter its size, joins with others to create a collective act of faith in humanity and in the future.

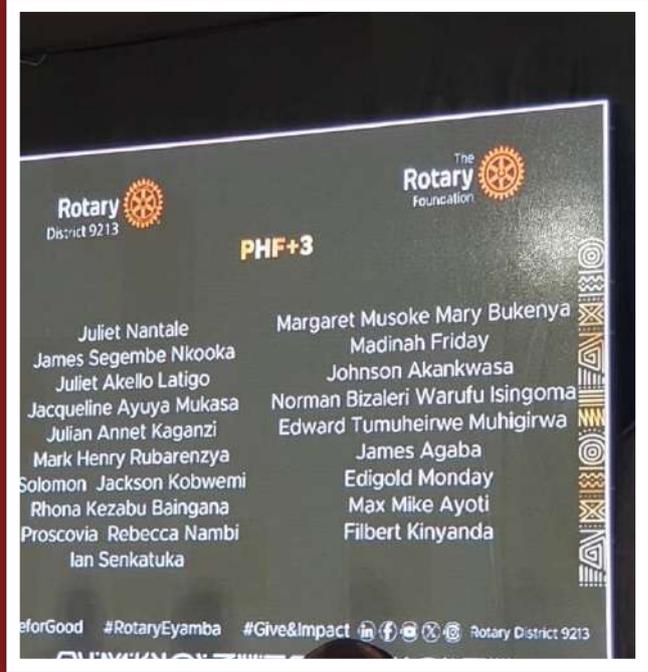

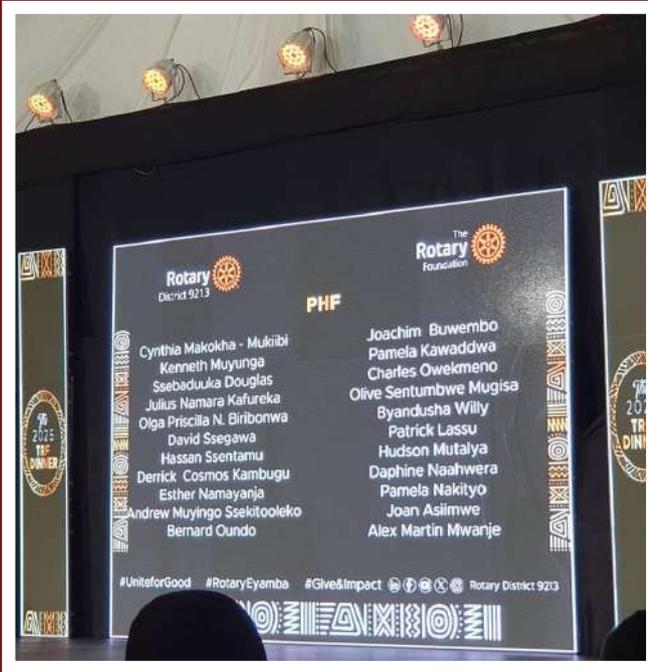

The last mile of any great journey is always the hardest. We see this in our final steps toward ending polio, in our work for peace, and in every project that seeks to lift people out of despair. Yet every time we give, we declare that our work will continue regardless of the challenge.

This November, let us give with gratitude, with joy, and with hope. Through our Foundation, we Unite for Good, and in doing so, we leave behind not only projects but a legacy of peace, trust, and Service Above Self.

SERVICE PROJECTS

Appreciation for Mbale Health Camp and Financial Literacy Training Initiatives

The women of reproductive age such as the pregnant mothers, children and the elderly were very grateful for the medical outreach opportunity RCKS rendered at Bubulo HC IV.

Pregnant mothers cannot stop testifying about how they had been told to get a scan and they couldn't afford. One woman whispered to a fellow woman that she would wait until midnight to get a scan to ascertain the state of her unborn child. Another elderly lady wore her glasses with pride having had lack of sight challenges for a long time.

Thank you Bumasikeye RCC for the service above self. Through @Esther Mwambu, manpower was boosted at the HC IV to handle the overwhelming numbers of over one thousand patients that came to seek treatment. At the RCC financial literacy training, Muki RCC couldn't stop admiring the smartness of Bumasikeye RCC members in their rotary branded T-shirts; and they promised to emulate Bumasikeye RCC.

Bubulo Girls Senior Secondary School students were equally overjoyed by the menstrual hygiene talk and tree planting. They wished they could listen some more.

Muki RCC and its youth couldn't believe it when they served their guests and the guests enjoyed their food. They have gained more confidence in the cookery skills acquired.

It is through such outcomes that we are reminded that we are Rotary and its all about changing lives within our communities.

Thank you @Creven Mukwenda of Kampala South, your team, the club board and the entire RC of Kampala South for having considered Bubulo Health Centre IV, Manafwa District and its population as beneficiaries of the MCH Global Grant through Bushikori Christian Medical Centre the club implementing partner.

Thank you once again.
