

## Adopt a Latrine, Fulfill a Dream Joya Larga and Caracolito, Guatemala

**Mayan Children**

**Existing Latrines**

In rural Guatemala, Maya villagers live without the things we take for granted — including clean water, nutritious food, sanitary facilities.

It doesn't have to be that way.

For a donation of just \$250 you can sponsor a family latrine in the remote and under served communities of Joya Larga and Caracolito.

Family latrines help prevent the spread of diseases that kill. They keep human waste from fouling ground water and provide a measure of personal dignity and privacy for those who use them.

Please help these villagers build a healthy future for their children. Your donation will change lives.
