## About Homes of Hope for Children

Homes of Hope for Children is an out-of-home care organization who assumes guardianship for children whose parents cannot care for them. The mission of Homes of Hope for Children is to serve children in crisis throughout Mississippi by providing strong, Christian homes to every child that lives on campus while ensuring that each child is loved unconditionally and has their physical, spiritual, and emotional needs met. It is expected that about 25% of the children who come to live at Homes of Hope will remain in their care until they graduate high school.
