Where We've Been - Where We're Goin'

What is the Encinitas Rotary Home Team?

A group of Rotarians carrying out the Rotary mission of “service above self” by providing basic home repair and maintenance services to senior citizens living in Encinitas who are either physically or financially unable to do it themselves.

Service Above Self

ENCINITAS ROTARY

The Rotary Club of Encinitas was founded in 1939 and since that time has been actively engaged in hundreds of hands-on community and international service projects.

The men and women that make up the club's membership represent all segments of the community including city and school leaders, small business owners, members of the artistic community and retirees.

The club annually dedicates thousands of hours supporting local education (e.g., financial literacy training to local high schools, distribution of dictionaries to all 3rd graders, and recognition of teachers from every school in the area).

Annual fund raisers are held, collecting over \$1 million dollars in the last 5 years alone, with all proceeds going to support a wide range of local and international not-for-profit organizations.

The Encinitas Rotary clearly believes in Service Above Self.

“I am so grateful for the help of the home team. I worked with contact Jim Wade who has a spectacular accent and homey expressions. The two doctors who came speedily painted my walkway, making it look new. They also worked on some other things. They are the two most practical and handy doctors I've ever met! I am sending a donation to be used by the Home Team for their work.”

Thank you,

Nancy Sommerville
