Thursday's Program

Agents of Influence

We meet via Zoom this week. **Ahnahta Dalma** from the Rotary Club of Newport Beach will be our presenter. We'll hear about **Agents of Influence**, a video game to help middle and high school students think more critically about what they see on social media and in the news.

Agents of Influence is a spy-themed media literacy game, focused on overcoming information disorder and helping students make informed decisions.

Looking Ahead

April 27 – Arts in the Park

There is no meeting next week, but the following Sunday there's a great opportunity for community service helping out with **Arts in the Park**. This year marks the 30th year that Rally for Children has presented *Arts in the Park*. The event runs from 11:00 AM to 3:00 PM at Live Oak Park. Children and

families will enjoy art activities, music, and entertainment. It's a fun event and a nice way to

spend a day. Come on out and get artsy!

Students of the Month

Fallbrook Union Elementary School District

At last week's meeting, we got to hear from two Potter Junior High School

eighth graders. Their Principal, Dr. Alejandro Gonzalez, introduced us to **Rae Rannels** and **Angel Ibarra**. Rae and Angel joined us for lunch and shared a bit about themselves and their goals. We encouraged them to join Interact next year when they move up to Fallbrook High School.

Honoring Our Own

Rotarian of the Month

Congratulations to **Perla Hurtado**. She was our March Rotarian of the Month, but we didn't get to honor her at that time. Perla heads up our Community Funds Distribution Committee. That group makes recommendations to the club's Board regarding which agencies should receive donations from our Community Funds allocation.

Paul Harris Fellows

Theresa Mendelson and **Kathy Reavis** were recognized as Paul Harris Fellows at our last meeting.

Paul Harris Fellows have made contributions of \$1000 to the Rotary Foundation. The Foundation helps to advance world

understanding, goodwill, and peace by improving health, providing quality education, improving the environment, and alleviating poverty.
