## The Rotary Club of Fallbrook

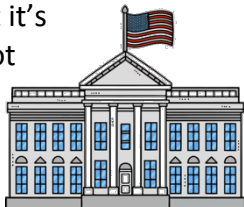

January 16, 2025

Volume 79, Number 19

### Thursday's Program

#### Working Inside the White House

We meet via Zoom this week. Our guest speaker will be Kimberly Huesing's cousin, **Arielle Giegerich**. Arielle worked at USAID (the U.S. Agency for International Development) in the Bureau for Humanitarian Assistance. Ever wonder if those scenes on *West Wing* bear any resemblance to reality? Well, here's your chance to find out. Arielle has first-hand knowledge of what it's like working in our capital, and not just following a tour guide on a trip which ends in the gift shop. Joins us to get the scoop!

### Looking Ahead

#### January 30 - Dutch Lunch

We don't meet next week. But looking ahead, we'll be enjoying a **Dutch Lunch** on **Thursday, January 30**. Ron and Budd are cooking up a good location. Actually, they aren't doing the cooking which is probably best for all concerned. At a Dutch Lunch, each person pays for his or her own meal. It's a great way to get to know your fellow Rotarians and find out what they like to eat.

### Employees of the Month

#### FUHS District Employees of the Month

Last week we were able to recognize the Employees of the Month for Fallbrook Union High School District.

Classified employee **Jessica Solana** and certificated employee **Adriana Lopez** were honored for their service. Jessica is the Supervisor of Attendance. Keeping high school students in class and on track is an important job. Adriana teaches social studies, a subject that helps students understand our nation and our world. Congratulations, Jessica and Adriana!

### Students of the Month

#### Fallbrook Union Elementary School District

We got a special treat last week when we were able to recognize two students from the Mike Choate Early Learning Center as Students of the Month.

**Odette Nino Morales** and **Isreal Aguirre-Pierson** joined us for lunch. They introduced themselves and told us what they want to be when they grow up. Isreal wants to be a pilot, and Odette want to be a doctor for animals. Watch out Jim and Steve, you've got competition on the way!

### Quote of the Week

Even with all our technology and the inventions that make modern life so much easier than it once was, it takes just one big natural disaster to wipe all that away and remind us that, here on Earth, we're still at the mercy of nature.

Neil deGrasse Tyson
