RI PRESIDENT'S JANUARY MESSAGE

R. Gordon R. McNally
President 2023-24
January 2024

In difficult times like these, it's impossible to avoid feeling heartbroken over the devastation and loss of life caused by war and destruction.

Rotary always stands against harming and displacing civilian populations and using armed aggression instead of pursuing peaceful solutions. We advocate for the observance and respect of international law. We believe in strong action to defend and promote peace, even in the darkest of times.

But we also take our position as an international, nonpolitical, nonreligious organization seriously. To respect the global perspectives and experiences of our members, and to work most effectively in our peacebuilding efforts, we do not choose sides in conflicts. Rotary is made up of 1.4 million people in communities all over the globe who are united in our commitment to building a peaceful world. We strive to ensure that our words and actions prioritize the health and safety of our global membership and the communities where we live and serve.

Our members seek to offer humanitarian assistance to those affected by conflict, and our global reach requires that we promote peacebuilding and conflict prevention with cross-cultural, cross-border connections and friendship through Rotary. For decades, Rotary has harnessed these connections to carry out service projects, support peace fellowships and scholarships, and establish programs like Rotary Peace Centers to help build lasting peace. Our members also take action to promote Positive Peace, addressing the underlying causes of conflict, including poverty, discrimination, ethnic tension, lack of access to education, and unequal distribution of resources.

Rotary members who wish to wage peace can use district grants and Rotary Foundation global grants

to support projects with other Rotary members that help refugees and displaced people, provide medical support, and more worldwide.

Members can also work with or join peace-focused Rotary Action Groups, Friendship Exchanges, Fellowships, and intercountry committees. And District Designated Funds or district cash can support our peacebuilding and conflict prevention efforts.

Members and nonmembers alike can learn more about peacebuilding through the Rotary Positive Peace Academy, a free online course available to anyone with an internet connection. You can find it at positivepeace.academy/rotary. There is no denying that incidents of violence and atrocities being perpetuated around the world seem to be escalating. Global peace is fragile, and the stakes are getting higher.

Still, we know that it is possible to bring all people together to work toward a shared goal. Rotary members do so every day in every part of the world. May our ability to unify in common purpose be a spark that helps light the path out of these dark days.

Together, let's Create Hope in the World.

DISTRICT GOVERNOR'S JANUARY MESSAGE

My Rotary family and friends of Rotary, Happy New Year 2024!! Indeed, God is Good All the time. I thank the Almighty God for the gift of life to all of us and for enabling us to enter the new calendar year 2024 as we celebrate a successful completion of the first half of the Rotary Year 2023/2024, Congratulations to all of us!! As we commence the second half of Our Rotary year 2023/2024, I would like to remind you of our four Major areas of focus for District 9214 and these are;

1. Promoting Basic Education and Literacy along side doing other projects in the other areas of focus.
2. Increasing our membership as well as ensuring a good membership experience to our members.
3. Effective Participation in the Rotary Foundation Activities through increased giving to the Polio, Annual and Endowment Funds as well as Utilisation from the Foundation through Global Grants.
4. Working closely and in good partnership with Our Youth i.e. the Rotaractors and Interactors.

I would like to thank all Clubs that have gone out of their way to achieve in the above areas of focus in our District in this Rotary year. I am so confident that we are going to achieve all our goals we set and even surpass them.

One of the biggest task we have in this second half of Our year is to Consolidate Achievements which we have registered so far. Let us remain focused and keep our Clubs vibrant, Care for Our members, follow up on the pledges from Rotarians towards the Foundation among others.

Allow me congratulate all of you who have so far fully registered for our Forth Coming District Conference and Assembly scheduled for the 24th – 27th April, 2024 at the Speke

Resort Munyonyo. Special thanks go to Our Chairperson, District Governor Nominee Christine Kyeyune Kawooya, the Registration Committee led by PP Joseph Rwevuze and the Mobilisation team led by PAG Samuel Mwanje plus the Branding and Public Relations Committee for their effort in Ensuring that we all attend this big Celebration.

I wish to continue to extend my invitation to all of you fellow Rotarians and Rotaractors to register for Our Conference and Assembly where we shall Celebrate Our Achievements and effort of Service to Humanity. I was so thrilled with Happiness to see Rotarians doing a lot of Charity during the festive season. Thank you so much for reaching out to many less fortunate people and ensuring that they enjoy the festive season too.

Finally, I welcome everyone of you to 2024 and I pray that the Almighty God Continue Blessing us with Resources and good Health so that we Create more Hope in Our Communities. I wish you a fruitful and Prosperous New Year.

Yours in Service
Francisco Ssemwanga
District Governor (D9214 Uganda and Tanzania) 2023/2024

“Being A Thermostat Not

A Thermometer in 2024”

But I would urge you my dear citizen's dear friends, Rotarians, Retractors and family members to become Thermostats and we change the Environment in which we are placed in.

For instance, you may know people who rise the spiritual temperatures of the group that determine the attitudes of others just by being exactly present. These are called pace-setters. They are set to influence others rather than allow others to influence them.

In a nutshell, in this year 2024 God calls you to be Authentic Authenticity from Greek word means read God's word for your life and write your own story. That's what we call living. Be A thermostat not Thermometer in year 2024.

“God bless you”

As RC Nateete Kampala we were the first to open the Club Fellowship on 04.01.2024 with a Topic Start a new year Successfully by Mrs. Margaret Kyambadde . She emphasized Self Reflection and Evaluation.

On 11th. 01.2024, Parent –Child Relationship during Holidays by Rev Canon Evatt Mugarura. He emphasized Prov 22:6, Train a Child in a way that you want him or her to be, Create Priorities, Discipline and Mentoring as King David prepared Solomon for leadership.

On 18th.01.2024, Quality Check and Improvement by PDG Peace Taremwa. He emphasized that Quality Leaders – Put Guidelines, Follow and Review them after 2 years for a strong Club. “Quality at the Gate” On 25th. 01.2024, we had a Vocational Award Fellowship “Awadee Moses Ssenyojo” On 26th.01.2024, we had an in-house Training, Hospitality and Gift Exchange, the Training under the Theme “Who we Ought to be as Rotarians “was Led by PDES Henry Kimera Kyebambe , held at PP Maggie Ssebalu's Residence.

On 29th.01.2024, We received an International Visitor Emma Johns in a company of PDG Peace Taremwa and other Rotarians in the presence of PP Kizza Ssebunya and Rtn Sylvia at our Larche Project Busega.

It was done purposely to initiate and Evaluation of Larche for Future Partnership. She gave items to the needy. The ED Edward was humbled.

We appreciate Rotarians in the World for your Kindness, Love, Joy, Happiness and Gratitude during the Vocational month of January 2024.

**Yours,
Executive Secretary,
Rtn Sylvia Mayambala**

In this life, we have been blessed with gift of life from God for A specific reason. But this has come to my observation that for past years many people are living life of Thermometer instead of being A Thermostats.

Thermometers just reflect the climate around them but the Thermostats set it by the way and go for it do it! Most of us are like Thermometers reflecting on culture around us, They buy what others buy, say what others say wear what other people wear value things others value.

WE ARE PROUD OF YOUR ACHIEVEMENTS MR. DISTRICT GOVERNOR

RC Nateete Kampala is the Governor's Club this Rotary Year of Creating Hope in the World.

As a teacher and an Education Entrepreneur, he decided to run miles of his year of governance through promoting Basic Education and Literacy. In the seven months of his reign as Governor of this great District 9214, he has led Rotary Clubs in a number of Mega Projects, all aiming at promoting basic education and literacy.

As RC Nateete Kampala, we are proud of our great member, the *District Governor Francisco Ssemwanga*.

These are some of the mega projects he has so far visited:

WE ARE PROUD OF YOUR ACHIEVEMENTS MR. DISTRICT GOVERNOR

GIFT EXCHANGE

As our tradition, 26th January of every year, Family of Rotary Directorate organise a get-together for club members, where we exchange gifts with our friends of the year. This is an activity which we all love and enjoy. This year we were hosted at the beautiful home of Mr and Mrs Mike Sebalu (PDG & PP). We had a fun

day. We ate, we danced, we laughed, we played games and to crown it all, each one went away with a gift. I take the opportunity on behalf of RC Nateete-Kampala family, to thank most sincerely, our hosts for opening up their home for us. May God continue to bless you and the family.

Gratitude to God, oneself, and others

Attitude of gratitude

Thanking God is not out of context, for some people don't seem to understand the importance of thanking God. Gratitude runs along three universes. Being grateful to most importantly God, then oneself and others.

Thanking God is not as difficult as people think, thinking God only notices the big achievements and extravagant miraculous things in our lives. They seem to forget God, the all-knowing notices, even the things that seem little to us as humans, for example, life and good health. Forgetting the little also matters as much.

Always thank God in 3 dimensions. Thank God for what he did. What he is doing and for what he is going to do. We are just receivers. Everything we get is by his grace.

Thank God in season and out of season. In bad times and in good times, even in the midst of adversaries, remember our God is in charge. He may not have done what you really want him to do. There are things he has done for you, and on top of all you, have life.

God has been too Faithfull to you not to thank him. Every single situation is worth thanking God because people out there are praying to be in your position.

People are in hospitals because of accidents, diseases, sicknesses name it, and you are healthy. Are you more worthy of good health than them? Even in the event of being hospitalised, is it not better than lying lifeless in the coffin? God has been too Faithfull to you not to thank him. Every single situation is worth thanking God because people out there are praying to be in your position.

People are in prisons for crimes they did not commit, and you are enjoying your freedom. You can't even thank God! Even when you are in prison, some prisoners are on death row. Even when you are on death row others are in their graves. Always thank God in whatever situation.

Thanking oneself is important as it builds self-confidence and appearance of self-esteem. Thanking yourself by saying affirmation words makes you strong at heart and develop a winning spirit because the first person to always believe in you should be you.

Thanking others is also difficult for people. They take others for granted, more so Father, mother, son, daughter, relative or friend. People don't seem to understand the weight that comes with two simple words, "Thank you." Be thankful to those who go out of their way to make you smile.

Above all, always thank God. He is the Almighty, the alpha and omega, the beginning and the end. The same yesterday, today and forever. He has the power to take away your life or preserve it for you. You can thank God verbally. Praising and worshipping him through thanks giving services, giving tithes, giving offerings, sacrifices, supporting God's work to mention but a few.

It doesn't rob anyone anything to utter the words "thank you." We are forgetting time on earth is limited to the measure only the Almighty knows. In daily life, we must see that it's not happiness that makes us great full but great fullness that makes us happy.

**Rtn Rwahwire Margaret
RC Natete**

An **Old Teacher** was being interviewed by a **Young Female Professor**

The professor started interviewing the teacher thus:

Young Professor: "Sir, in your last lecture, you told us about *'Contact'* and *'Connection.'*"

It's really confusing. Can you explain?"

The Old Teacher smiled and apparently deviating from the question asked the Young Professor:
"Are you from this city?"

Young Professor: "Yeah..."

Old Teacher: "Who are there at home?"

The Professor felt that the Teacher was trying to avoid answering her question since this was a very personal and unwarranted question.

Yet the Young Professor said: "Mother had expired. Father is there. Three brothers and one sister. All married..."

The Old teacher, with a smile on his face, asked again: "Do you talk to your father?"

The Young Professor looked visibly annoyed...

Old Teacher: "When did you talk to him last?"

Young Professor, suppressing her anger said: "May be a month ago."

Old teacher: "Do your brothers and sisters meet often? When did you meet last as a family gathering?"

At this point, sweat appeared on the forehead of the Young Professor.

It seemed that the Old Teacher was interviewing the Young Professor.

With a sigh, the Young Professor said: "We met last at festival two years ago."

Old teacher : "How many days did you all stay together?"

The Young Professor (wiping the sweat on her brow) said: "Three days..."

Old teacher : "How much time did you spend with your Father, sitting right beside him?"

The Young Professor looked perplexed and embarrassed and started scribbling something on a paper...

Old teacher : "Did you have breakfast, lunch or dinner together? Did you ask how he was? Did you ask how his days are passing after your mother's death?"

Drops of tears started to flow from the eyes of the Young Professor.

The Old Teacher held the hand of the Young Professor and said: "Don't be embarrassed, upset or sad.

I am sorry if I have hurt you unknowingly... But this is basically the answer to your question about *'Contact and Connection.'* You have 'Contact' with your father but you don't have 'Connection' with him.* You are not connected to him. *Connection is between heart and heart...*

Sitting together, sharing meals and caring for each other, touching, shaking hands, having eye contact, spending some time together... All your brothers and sisters have 'Contacts' but no 'Connection' with each other..."

The Young Professor wiped her eyes and said: "Thanks Sir for teaching me a fine and unforgettable lesson."

This is the reality today.

Whether at home or in the society everybody has lots of contacts, but there is no connection. Everybody is busy in his or her own world. ...

Let us not maintain just "Contacts" but let us remain "Connected." Caring for one another, Sharing, and Spending time with all our Dear ones
