# Holger's Knaack

## of being in the right place at the right time!

Holger Knaack will become Germany's first ever President of Rotary International when he takes up office in July 2020. Dave King caught up with him during the Rotary International Convention in Hamburg.

It was five 'o clock on a sun-kissed May afternoon in the pretty Schleswig-Holstein town of Ratzeburg, 40 minutes' drive north-east of Hamburg.

Holger Knaack was tending the tidy garden of his home in this picture postcard town which rests on an island surrounded by four lakes; Küchensee, Stadtsee, Domsee and the larger Ratzeburg lake.

"I was in the garden, just looking around, not doing anything special," recalled Holger. "I wasn't expecting anyone to call."

But the phone did ring with news which was going to change his and wife Susanne's life forever. News that Holger, a former baker who once began his working life at the crack of dawn each day, had been elected

President of Rotary International for 2020-21.

"It was a total surprise because the announcement was not due until the following day. The call was from Mike McGovern, chairman of the nominating committee. He said 'I have the honour to tell you that the committee has selected you as the President for 2020/21'.

**"I was speechless and breathless. It was so unexpected. I was not prepared for that call."**

"It took some moments before I was able to answer Mike. I was speechless and breathless. It was so unexpected. I was not prepared for that call."

The vacancy to lead one of the world's

largest humanitarian organisation had only arisen when Sushil Kumar Gupta, from the Delhi Midwest Rotary, had been forced to step down as President-Elect for 2020/21 earlier this year through ill-health.

Sushil would have been India's fourth Rotary International President, and for Germany's first ever head of the movement, it was a slight bittersweet moment. Holger wrote to Sushil admitting that there were "dark clouds in his feelings towards accepting the President's nomination".

But Sushil replied by insisting his fellow Rotarian should not worry, enjoy the moment, and wished him all the best. "That makes it easier for me because I have Sushil's support," added Holger.

**"As President, I plan to highlight the best Rotary has to offer where people of all backgrounds can see themselves reflected in our service and impact."**

Holger has been a member of Rotary for 27 years, belonging to Herzogtum Lauenburg-Mölln Rotary. He was previously a partner and general manager of Knaack Enterprises, a 125-year-old family business, and is now runs the real estate company, Knaack KG.

He has been married to wife Susanne for 43 years, and though the couple have no children, they have been heavily involved with the Rotary Youth Exchange programme, receiving 43 students at their home in that time.

There is little doubt that becoming Rotary President is a life-changing moment for Holger and Susanne. He is both a proud German and a European, and suddenly pencilled-in plans, including a few Rotary trips, have been scuppered.

Holger has a few months yet to think of a theme and a logo for his Pres-

idential year. He's got a few of ideas, but is keeping these under wraps for now.

But already, two clear themes are emerging.

One is a desire to pursue the agenda begun by current RI President Barry Rassin to create more Rotaract clubs to broaden the diversity of Rotary's membership.

The other is to encourage more young people, and women, to join the organisation to take up leadership roles.

During Holger's presidency, six women will serve on the Board of Directors. When asked to predict when Rotary International will see its first female President, the German performed a neat, diplomatic side-step.

"That is a great question, and is one I have been asking myself," answered Holger. "Bringing more women into Rotary is one of our core values, that is very simple, and we should honour those values.

"The Rotary Board has set us a high goal to increase the number of women in Rotary and in leadership positions to 30% by June 2023. But if we want to achieve something, then we have to set ourselves high goals.

**"Bringing more women into Rotary is one of our core values, that is very simple, and we should honour those values."**

"What I would say is that it is the duty of the nominating committee to choose the best. I don't know who is going to go for President the year after me or who will be on the nominating committee.

Holger Knaack shares his vision with Rotary magazine Editor, Dave King, at the Rotary International Convention in Hamburg.

"I don't know who will be my successor, but I am happy with whoever they are. My successor is selected in a democratic way, so it would be unfair to suggest it would be good if my successor was a women."

He added: "I am honoured to have the confidence and support of Rotary's 1.2 million members.

"As President, I plan to highlight the best Rotary has to offer where people of all backgrounds can see themselves reflected in our service and impact.

"I am excited, of course, to be Rotary President. Without my wife Susanne, nothing would work, and you could not do this job. But we are both looking forward to the moment, and we are full of energy for the task ahead."

# Opportunity Governor's Message

Dear Opportunity President:

Congratulations to you and your Board of Directors upon being entrusted to lead your Club. I trust you are off to a great start! The Rotary Year 2020-2021 will be special in so many ways, not because we are becoming leaders but rather, we are being asked to open opportunities and make a difference! Rotary International President Holger Knaack (2020-2021) shared our Rotary Theme: Rotary Opens Opportunities. Now is our chance to demonstrate that we are men and women of action – ready, willing, and able to make a difference in the communities we serve. As a club leader you have a vital role to play in the continued success of Rotary.

Rotary International New Strategic Plan is our compass for action this year. The first pillar on increasing our impact compels us to contribute generously to the Rotary Foundation so that collectively with other clubs in our district we meet the \$600,000 mark of giving. Every member should give to TRF, however small the contribution may be. But the story of giving is incomplete if we do not implement projects in our communities.

During and after COVID 19 pandemic, many communities will require our support to rebuild livelihoods. Inspire and guide members to implement impactful sustainable projects in your respective communities. Let us engage our long-life partners in Rotary projects and encourage them to consider joining Rotary through Corporate Membership. The overall target for global grant utilization for D9211 is US\$ 4 million.

The second pillar is about expanding our reach, allowing Rotary to grow organically, and encouraging inclusiveness of youth and women. We target 600 persons to join rotary, 100 Rotaractors to transition into Rotary, 10 Rotaract clubs to be formed and flexible club models introduced. Brand standardization is core to our existence as an institution.

The third pillar is about enhancing participant engagement. Plan for Fitness and Nutrition (FAN) fellowships and activities to bring fun into Rotary and Rotaract Clubs, publicise Rotary and its benefits and promote preventive measures for Non-Communicable diseases (NCDs) in our society. Let us involve Rotaractors in joint projects, promote diversity in club meeting times and formats and hold at least one Strategic meeting to allow members express their desire of how they want their club to be now and five years on.

The fourth pillar is about increasing our ability to adapt by reporting club goals and performance on Rotary Club

Central; qualifying the club; ensuring zero tolerance to fraud and participating in delivering 2 strong districts 9213 and 9214 by the end of our tenure in service on June 30, 2021. The clubs will have the able support and guidance of Assistant Governors throughout the year.

After successfully implementing all the above suggested programmes, I invite you all to celebrate with me our achievements at the end of the year at the 96th District Conference and Assembly that will take place at Speke Resort Hotel, Munyonyo.

Congratulations to the Connecting President and the entire club leadership for the outstanding performance of the club during Rotary year 2019/20. The milestones so achieved under the leadership of District Governor Francis Xavier Ssentamu provide a strong platform for club continuity in 2020-21.

I wish you the best during your year of service and assure you of my unending support during the year. Your allocated Assistant Governor and the District Officers are a resource that you should call upon whenever you need technical assistance in planning and executing the year's programme. Enjoy your year of service as this opportunity comes once in your lifetime; groom the next leaders to ensure continuity and sustainability of the club at the end of your year of service.

I look forward to hearing from each of you over the next 12 months as we "Open Opportunities" in District 9211. I encourage you to keep safe and observe the Government regulations on COVID-19.

## Welcome to the year of opening Opportunities

### MESSAGE FROM INCOMING ASSISTANT GOVERNOR

Fellow Rotarian and Guests

It gives me great pleasure, as your Assistant Governor Kampala Zone 4 to congratulate and at the same time welcome the new leadership team led by Opportunity President, Rtn. Margaret Magumba. I look forward to serving with you and building acquaintance of this family of rotary.

To Opportunity President Margaret and the entire membership of the Rotary Club of Nateete Kampala, Rotary provides opportunities for changing lives for the better through serving/helping others and not forgetting being better people ourselves and this coming year's theme Rotary Opens Opportunities says it all. You have a sizeable task ahead of you and knowing the preparations you have gone through, I am confident RC Nateete Kampala will rise a notch higher. However this will take strong commitment and wide participation from all members in the club activities.

As a President, your passion, your skills, your creativity, ability to engage and inspire your members into action, will play a big role, because only as a team, will you move successfully, opportunities for others.

To my predecessor, Rtn. Kitakule, thank you so much for supporting/guiding RC Nateete Kampala.

I look forward to an enjoyable year as your AG for the Rotary year 2020/2021 and I wish you a rewarding year of service as Rotary Opens Opportunities.

# A Rotarian yet uncompromised Christian

PP Gertrude Ssekabira

Rotary International is an international service organization with the purpose of bringing together business and professional leaders in order to provide humanitarian service and to advance goodwill and peace around the world. It is a non-political and non-religious organization open to all. Rotary has six focus areas that include;

1. Promoting Peace
2. Fighting disease
3. Providing clean water, sanitation and hygiene
4. Saving mothers and children
5. Supporting education and
6. Growing local economy.

Dr. Jones invited me to Rotary and I was attracted by the nature of Rotary as an organization. In particular, the last five focus areas impressed me since I was handling them in a self-help project in my community and under Action For Development (ACFODE). My heart leaped joy because I had been a silent Rotarian. In addition, the following inspired me further:

## The Four Way Test

The Four-Way Test, scripted by Herbert J. Taylor an American from Chicago; *"of the things we think, say or do, 1. Is it the TRUTH? 2. Is it*

*FAIR to all concerned? 3. Will it build GOODWILL and BETTER FRIENDSHIPS? 4. Will it be BENEFICIAL to all concerned?* The Test, used by Rotarians world-wide as a moral code for personal and business relationships is also appropriate for almost any aspect of life and keeps one in check.

## The Object of Rotary,

The Object of Rotary is to encourage and foster the ideals of service as a basis of worthy enterprise and, in particular, to encourage and foster the following: **FIRST.** The development of acquaintance as an opportunity for service; **SECOND.** High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society; **THIRD.** The application of the ideal of service in each Rotarian's personal, business, and community life. **FOURTH.** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## The Rotarian Code of Conduct

The first three parts of the Rotary

code of conduct are in line with my Christian values as seen below;

- Act with integrity and high ethical standards in my personal and professional life,
- Deal fairly with others and treat them and their occupations with respect
- Use my professional skills through Rotary to: mentor young people, help those with special needs, and improve people's quality of life in my community and in the world

***I therefore, concluded that Rotary is composed of assorted professional leaders of integrity, high ethical standards, compassionate, willing and available to render humanitarian services to the poor and vulnerable people of society regardless of their creed and political inclination.***

However, there are views that Rotary is for the rich while others are convinced that it is a cult there is no regard for God.

To avoid compromising my Christian principles, I decided to pursue the second opinion. Therefore, I decided to attend the different conventions beyond Uganda. I attended the

District convention that took place in Tanzania and the Rotary International (RI) Convention in California Los Angeles the following year 2008. My hidden agenda was to either confirm or disprove the allegation that it was a cult.

In the RI convention, one of the items on the schedule was an ecumenical Sunday service. Without hesitation, I registered and attended the service that started with songs of praise and worship followed by different readings from holy books of different religious affiliations. The last reading was from the Holy bible from the gospel of St Luke where the preacher based his message.

Nevertheless, the fact that different professionals have divergent interests, behaviors and religious affiliations, I came back convinced that I was to continue with Rotary but leaning on Jesus' prayer for his disciples in the gospel according to St. John 17:16-19 King James Version (KJV).

16 They are not of the world, even as I am not of the world. 17 Sanctify them through thy truth: thy word is truth. 18 As thou hast sent me into the world, even so have I also sent them into the world? 19 And for their sakes, I sanctify myself, that they also might be sanctified through the truth. This prayer keeps on ringing a bell in my ears. Besides, I have come to appreciate people, as they are In addition; it is a professional service, a life that reflects God's love and kindness.

# HOME SCHOOLING, THE NEW NORMAL

By AGE/PP Harriet Nakkazi Musoke

It was mid-March 2020 when the schools were closed due to COVID-19 pandemic, most parents and students didn't realise that the Lockdown would last. The question is what next? This new normal calls for both parents and learners adapting to a number of changes including home schooling. At this point in time, the parents' ability to guide their children was doubtful, learners' ability to turn home environment into study atmosphere was equally questionable. Dear Parents fill the void the teachers left. Allow yourself and the children to ease into the new routine.

The main role of the parents is stepping into the feet of an academic teacher, availing learning materials both in hard and soft copies, guiding the children as well as taking the role a counsellor. However this sounds pretty fine for both urban and urban-rural parents. What happens to the rural learners where the communities have limited or no access to Mobile phones, Television, Radio and even Newspapers? Fellow Rotarians this is food for thought.

Nonetheless, home schooling during this lockdown period is not just about academics but a whole lot of things that would never be taught in the

classroom. We as Rotarians abide to the "Four way Test" Let us together teach our children useful impactful life skills and values like cleaning, cooking, laundry, morals to mention but a few. Let them appreciate life better; let us create a lasting impression in the lives of our children during this lockdown stretch.

***This new normal calls for both parents and learners adapting to a number of changes including home schooling.***

1. PDG Ken Mugisha
2. All past Presidents of RC Nateete, Kampala

### ROTARIANS' LEADERSHIP ROLE IN THE CORONA VIRUS CRISIS

Fellow members, we are currently facing the corona virus pandemic outcome and as rotarians and leaders, we should examine our leadership role and ensure that at this time of crisis we are influencing and inspiring people positively, including effective communication at all levels. We should aim at re-emerging out of this crisis stronger, and continue making rotary more visible and relevant to our society.

We should also seize the opportunities created by this situation eg forcing us as leaders to be innovative for example conducting online fellowships and utilising our lockdown time to expand our membership.

### CONCLUSION

As mentioned earlier, the Rotary Theme 2020/2021 is "Rotary Opens Opportunities". And according to the Ubuntu (Interdependence) concept as put by Nelson Mandela, ".....we are human through the humanity of others. If we are to accomplish anything in this world, it will be in equal measure due to the work of others". Fellow Rotarians, in line with the above, together, let us join our hands, tap the endless opportunities opened by Rotary, and serve the communities and the world at large, in the year 2020/2021, and in the subsequent years. Together, we can.
