

## Bulletin # 02 – 6<sup>th</sup> July 2017

### Ready for Action

Pres Kathy and stand-in sergeant Chris chat before Kathy swings into action.

Our first meeting for the year was a “Club” meeting where President Kathy and Board members set out some of the aims and aspirations for the year.

This year we plan:

- “schooling” members in the use of Facebook and our Website/Club Runner. Training is planned for sooner rather than later.
- To hold a “Night for Larry”. Following the passing of Larry McGrath partner Lynn Moffit has expressed a desire to celebrate Larry’s life with an informal night of cocktails, finger food dancing and memories via slideshow. As well as a member of our Club Larry has been involved with RC Williamtown, Raymond Terrace and Salamander Bay as well as Probus... And of course he was well known through his work at Williamtown Bureau of Meteorology.  
Chelsea Ellul (soon to be inducted) has had some preliminary talks with Lynn and is heading up the planning. The proposed date is late September. Anyone interested in helping would be more than welcome. Contact Chelsea.
- Golf Day - 13th October 2017. Several changes are being considered for this year’s event. Starting time, evening dinner, fund raising and golf format are all being considered. If you would like to be part of Arja’s committee please let her know. Already 4 of the “new members” are on board. But, they are wanting support and guidance from experienced Rotarians.

### In this Bulletin:

**Pg 2:** Next week’s meeting

**Pg 3:** More from the meeting. More from PDG Don

**Birthdays this coming week: 7<sup>th</sup> – 13<sup>th</sup> July**

None

**Anniversaries :**

None

### Heads and Tails:

Ian McIver

### Member Duties 3<sup>rd</sup>

**March 2016**

**Door:**

Ian McIver. Bill Michel

**Meet/Greet:**

Bob & Judy Mitchell

**Loyal Toast:**

Peter Page

**Grace:**

Ed Parker

**Intro Guest speaker:**

N/A

**Thank Guest Speaker:**

N/A

**Bulletin:**

Chris Bartlett

**Next meeting Club Planning Night**

**Apologies/Extras to John Crump by noon on Wednesday!**

**Ph 0401 450 239**

# Bulletin # 02 – 6<sup>th</sup> July 2017 Pg 2

## NEXT WEEK'S MEETING

- We will be sitting in our committees. **Would you like a change? (Below is last year's committee list).**
- There will be a table per Director.
- Kathy will be filling in for Membership whilst Deiter is away.

## AIM:

- Project Planning and Review by committees, led by Directors**
  - What did we do last year?
  - Are any projects past their used by dates?
  - What do we continue?
  - Can we work SMARTER, not HARDER on the project?
  - What do we need to do to make it happen this year?
  - Any new ideas?
- Twelve months event calendar**
  - Plotted to share on the website, facebook and with members.
  - E.g. Hat Night, International Night, Foundation Night all co-ordinated so we reduce clashes.
- Club Meetings Structure**
  - How often do we have Guest Speakers? Weekly, Fortnightly, Monthly
    - Kathy's thought is once a month in line with Rotary Theme for the Month
    - Can make a partners and visitors night
    - Will help with showcasing and marketing Rotary.
    - Increase exposure and possibly help with getting more new members.
    - Above all - it will be FUN!
  - How often do we have partners nights/theme nights?
  - Thursday nights look like they are to stay?**
    - Not one of the newly joining members are pushing for Tuesday's. Their comment has been we do not want Rotary to change just for us.
    - They have shown their commitment by already jumping into the meeting Tuesday morning with Lynn Moffit. Jumping into Night for Larry and Golf Day Committee's and making sure one of them attend the meetings for the month of July.
    - They all like the sit-down meal is the feedback recently received.
  - Review of Survey - Thank you to Bob and Liz for facilitating
    - Propose any changes which on the surface may be minimal.

**These are the committees from last year. Want to stay in or move to a different Committee? Do you have a particular interest you would like to explore?**

## Bulletin # 02 – 6<sup>th</sup> July 2017 Pg 3

Members get to know prospective member Chelsea Ellul

Chelsea Ellul (as a Friend of Rotary) has already put her hand up for two functions (Night for Larry and the Golf Day).

The group of young prospects are keen to get involved and we look forward to their induction.

Presentation of past Bulletins.

PDG Bart Richardson for many years presented a copy of the weekly bulletins to the outgoing President as a memento of their year. Following Bart's death in March Phill Smith completed the task and made the presentation to PP Judy.

### More from our intrepid traveller PDG Don...

(Sunday 2<sup>nd</sup> July)

Dear All,

We docked Monday morning in San Juan Del Sur, Nicaragua and boarded our coach for the longest excursion of our trip. We travelled through the small port city before entering the typical Central American country side. The natural vegetation is tropical rain forest which thrives in the hot, humid and wet climate. The area is just coming into the 7 month rain season where heavy storms are common each day. Fortunately, our time here so far has been without much rain so we have been able to walk around without getting wet. Much of the natural vegetation has been cleared for agricultural purposes. sugar cane, bananas, coffee and cocoa beans, corn and other tropical fruit trees grow profusely in the rich volcanic soil. Melons are also grown and much of the product is exported. The long mountain range which divides the Caribbean and Pacific side of the country is lined with a series of active volcanos and much of Central America is prone to earthquakes. After one and a half hours we reached the inland city of Granada. This was a very pretty city with many magnificent buildings featuring a strong Spanish influence in their architecture. We had a walking tour through the large Central Park which was busy with tourists and local vendors selling their various wares. Our main purchases have been soccer shirts from the various countries and Fiona has many necklaces purchased from eager and persistent vendors. Coffee is the major export of most Central American countries and most stores have quantities of the high quality coffee for sale. We visited the Museum in one of the magnificent buildings and our guide explained Nicaragua's interesting history. After a lunch of local food and coffee we travelled to the large inland Lake Nicaragua where we boarded small boats for a cruise around the many islands of the lake. We returned to the ship tired after a long day but still enjoyed an excellent meal in the speciality restaurant. My seafood meal featured lobster, prawns, scallops and local fish.

Next day we docked in the early afternoon in Peurto Guetzal, Guatemala and joined our tour away from the port city for a drive through an animal park featuring wild life and birds of Central America. Pumas, cheetahs and coyotes are the main animals. Colourful macaws and toucans were the main bird life. Travel to and from the park through the Guatemalan country side was similar to that experienced yesterday in Nicaragua. The agricultural products were similar but the roads much busier and in poor condition. Many heavily laden utilities carried local families and workers unrestrained in their trays. Most seemed not to be registered and road rules did not appear to exist. Large colourful buses carried tourists, workers and school children to their various destinations. Back on board that night we were entertained by an Australian entertainer born in West Wyalong and went to school in Leeton prior to enrolling at the Conservatorium of Music. Wednesday was a very pleasant sea day. Late breakfast, Fiona attended her sewing class, I had my usual 30 minutes in the gym and we lazed around the pool with an occasional dip in the 30 degree pool water. The Pacific Ocean was as smooth as a mill pond. Lunch featured Central American food and beer.

**If not already paid please pay your Annual Dues ASAP.**

**Full year \$270, or \$135 ½ year**

**BSB: 637000, Acct:781 017 418. Please quote your name and "subs".**

**Or, give cheque to Treasurer Ian Brigden made payable to Rotary Club of Nelson Bay**

## Bulletin Editors Wanted:

Use your creative talents to disseminate Club and Rotary news to Club members.

Editor's remunerations have been increased this year. Double the pay (nothing), double the thanks (maybe).

- No previous experience needed (surely that's obvious).
- Sense of humour helpful (hopefully you'll laugh more than you cry)
- Thick skin a benefit (when you realise the dumb thing you did).
- Deep pockets also beneficial (to pay fines for typos, omissions etc.).

Speak with one of the current editors: Chris Bartlett, Don Whatham, Dieter Greiter or Phill Smith.

## Bunnings BBQ

An excellent result from last week's Bunnings BBQ.

\$1471 Taken for a net result of \$1209.

It really is a great way of helping raise funds – which as members know goes back into the community. Think about it.

Acknowledgement should go to John Stuhmcke, Judi Priestley, Chris Bartlett, and Doug Bairstow who form the backbone of this significant income producer.

## Something to be proud of..

The Rotary Club of Nelson Bay last year provided nearly \$133, 000 to the local and wider community.

Fund raisers such as our Charity Golf Day, Australia Day, Long Lunch, Bunnings BBQ's and funds from the Gan Gan Binoculars all contributed to raise the funds.

Coupled with this were grants from our Local, State and Federal Governments as well as The Rotary Foundation.

Grants are not given out "Willy Nilly"! Good governance requires that recipients are not only worthy but have demonstrated the ability to fulfil promised works/projects.

Our past efforts and our abilities have been recognised by these bodies. Congratulations all.
