

## Vicky Gray – Centennial Scholar

The Nelson Bay Rotary Centennial Scholarship started in 2005 and Vicky (nee' McEvoy, now Mrs Lightfoot) is our 5th such scholar. As our Historian (Richard Turner) pointed out, all scholars must do studies that benefit residents of the Tomaree Peninsula. As the full-time nurse at the palliative care centre in Nelson Bay, Vicky does that. Her studies at Flinders University were intended to make her "better at my job; not to get a better one". Much of the work by Vicky and her 3 staff involves counselling, such as helping clients to cope with "disenfranchised grief" (not recognised by others). It is holistic medicine. Her research topic will be "death bed phenomena" – which will lead to another talk here, we hope.
