CLUB ASSEMBLY

A fun and social evening of fellowship dispersed with details of the previous night's board meeting and discussion of plans for the remainder of this year was the focus of this week's meeting.

The three-minute talk segment has proved to be a huge success with some outstanding "short" presentations since its inception. The honour of making the presentation goes to the previous week's winner of the raffle. The presentation this week was no exception to the high quality and interest of past weeks with Dieter painting a picture of life in his hometown Bregenz, Austria.

Bregenz on the shore of Lake Constance is a beautiful town dating back to the Bronze age (2000BC) with a current population of 30,000. The town is known for its Summer Festival when the Vienna Philharmonic Orchestra and Vienna Opera actors perform on the world's largest floating open air stage with 7000 seated spectators. This year the performance was Madame Butterfly which utilised the recent sound system upgrade valued at \$3.8M.

So picturesque are the Austrian villages dotted along the banks of the Rhine that an exact copy of the town of Hallstatt has been built in the Guandong Province of China.

MATTERS FROM THE BOARD MEETING.

- The club AGM will be held on 8 December 2022. The election of officers will take place. A board nomination form is attached. Please nominate for a position and return the form next week.
