

#### **Bulletin # 35 - 29th March 2018**

At this meeting we heard from one of our newer members Chelsea Ellul. Chelsea was born in Penrith and remembers a very happy childhood spent with her brothers and her extended family (her mum and dad both had 7 siblings). In 2002 she was excited to learn that the family were moving to the Bay and was really looking forward to a "sea change". She was not so excited when she learnt that the move was to a Bobs Farm property. Although she now lives at Salamander she grew to love it.

After finishing school Chelsea began work at the Salamander Bay Newsagency. It was there that she first became aware of Rotary through recognition with a Pride In Workmanship Award.

In 2009 she moved into "events decorating" – weddings, functions etc., and even prepared a setting in the sand dunes for the first season of the TV series "Batchelor".

In 2012 Chelsea was awakened to the excitement of travel with a sixweek trip to Paris, Sicily and Malta and she plans many more trips in the future.

Chelsea is currently working as an Assistant Business Coach and her skills in website development and maintenance were evident in developing the District Conference website.

#### Some facts about the Rotary Foundation:

 The Rotary Foundation transforms your gifts into service projects that change lives both close to home and around the world.

During the past 100 years, the Foundation has spent \$3 billion on life-changing, sustainable projects. With your help, we can make lives better in your community and around the world.

• Why should I donate to The Rotary Foundation?

Your donation makes a difference to those who need our help most. More than 90 percent of donations go directly to supporting our service projects around the world.

• How does The Rotary Foundation use donations?

Our 35,000 clubs carry out sustainable service projects that support our six causes. With donations like yours, we've wiped out 99.9 percent of all polio cases. Your donation also trains future peacemakers, supports clean water, and strengthens local economies.

What impact can one donation have?

It can save a life. A child can be protected from polio with as little as 60 cents. Our partners make your donation go even further. For every \$1 Rotary commits to polio eradication, the Bill & Melinda Gates Foundation has committed \$2
