

## Bulletin 39 – 22<sup>nd</sup> April 2021

### Rotary Charity Golf Day Report

Our premier fundraising event was finally held on Saturday 24<sup>th</sup> April. Last year it had to be cancelled due to the Covid pandemic. It was scheduled for the 26<sup>th</sup> March and had to be postponed again to the 24<sup>th</sup> April due to the once in 50 year weather event that had left the Golf course in a water logged state. The weather gods smiled this time, with more than ideal and perfect

weather for the 130 participants.

The amount raised was approx. \$20,000.- with the major beneficiary being HMRI's Assoc. Prof. Kelvin Kong for Indigenous Ear Disease Diagnostics and other Rotary Community Projects.

Kelvin could not attend in person, due to work commitments, but addressed the audience via a video message that you can view & listen [HERE](#).

## Help required

The Centenary Tree planting is going to happen on Wednesday the 5<sup>th</sup> May @ 12:00–1:30. We have the 3 schools attending and helping with the planting. The Council will have the holes prepared and obviously the trees there to be planted but we do need help from the members please; mainly to help with supervision for the children. There will be some teachers present and I have asked if any parents can come but not sure about that. Members are asked if they would be happy to help on the day. Please bring good shoes, hats and water and a small shovel or spade to Tom Dyer Oval Nelson Bay
