

ROTARY:
MAKING A
DIFFERENCE

Bulletin 40 – 3 May 2018 - Page 1

TAMMY & ANTHONY KELLY

Tonight we heard about the wonderful enterprises being operated locally by our member Tammy Kelly and her husband Anthony. Unfortunately Anthony was not able to be present due to a business commitment in Japan. Tammy and Anthony are enterprising young business people and long term residents of Port Stephens. Their local interests include Evviva Restaurant in the business centre of Nelson Bay and Splash World in the majestic waters of the Nelson Bay foreshore. Tammy and Anthony also operate internationally with a similar water park at Yumigahama Beach Japan in its fifth year of operation.

Tammy and Anthony have called Port Stephens home for 30 years. They have two children. Previously they ran Tomaree and Tilligerry Aquatic Centres. Following a change in tender arrangement with the pools Anthony became a partner in Lifeguarding Services Australia providing lifeguard services along beaches of the North Coast and at major Sydney events. Through LSA he had the opportunity to travel to Japan to train lifeguards. It was whilst in Japan that he idea of setting up an inflatable water park was born.

The park at Yumighama Beach was a huge success increasing the popularity of the beach immensely. The Kelly's expanded the operation to Zuschi Beach a seaside location just 35 minutes away from Tokyo. With considerable success here Anthony set his sights on establishing a park in Port Stephens. The location was ideal but it took three years to gain approval from all local stakeholders. Having completed its first season the park has been a wonderful success and provides another outstanding amenity to our local area.

Program:

Next week Alicia Cameron will update the club on her work with the School of St Jude Tanzania.

Apologies/Extras to John Crump by 12noon on Wednesday Phone 0401 450 239. We are charged for all meals based on the numbers submitted. Failure to apologise will result in the cost being passed on to the offending member.

CLUB NEWS

- Our club is supporting fund raising towards the purchase of a special breathing assistance vest for 4 months old Joshua Taylor. Joshua suffers from Cystic Fibrosis and the vest will allow him to breathe efficiently. As Joshua grows the company supplying the vest will make progressive replacements to allow for his growth. The cost is \$15,000 and several projects being managed by our club will assist the achievement of our goal. Our fund raising will culminate in a dinner at the Little Boat House Restaurant on 8 June. Our newer, younger members have taken the leading role in this project. The team is ably led by President Kathy, Alicia Cameron and Anita Marshall. I know that every member and friend of the club will provide maximum possible assistance.
- Our club is moving forward with the Kelvin Kong project. The Board was pleased with the unanimous endorsement of the proposal at our club meeting. The possibility of Australian Rotary Health involvement and possible support from other district clubs and other Australian Rotary Districts make this a very exciting proposal. Our Board has resolved to ensure that the project is well planned, practical and achievable. We will explore the involvement of RAWCS, ARH and D9670, set goals, timelines and develop concise financial plans before final approval to the projects commencement. A meeting between club directors and Kelvin Kong is being planned to take place shortly
- Our club has been invited to participate with members of the Recreational Vehicle Fellowship of Rotarians (RVFR) who will be centering their week long visit to Port Stephens at Shoal Bay Holiday Park from 18 to 25 November 2018. They will join our regular meeting on 22 November 2018 for a dinner and game of bowls. The group has a comprehensive timetable which I will copy later in this bulletin. RVFR Director Warren Mills has asked if any member has a contact at Newcastle Airport. If you could assist please let President Kathy know.
- Don't forget to sell your Rotary Foundation raffle tickets. There are some great prizes which will be drawn at the District Changeover.
- Club dress shirts with the new club logo may be ordered and paid for at Totally Work Wear at Salamander Bay. The cost with pockets and members name embroidered is \$49.95. Work polo shirts are also available. To ensure the correct fitting of the work shirt go to Totally Work Wear to try on and order. Payment (\$20) for the work shirt must be made through the club account.

UPCOMING EVENTS/MEETINGS
