PRESIDENT'S MESSAGE

This week, I hosted a Rotary Cluster meeting at my home. Not a lot of business was concluded but it was a good opportunity to meet up with representatives of the other clubs in our area.

There are several 'change-over' dinners coming up over the next fortnight and I would encourage our members to attend if possible. I will be at the District change-over on Sunday 25th at the RACV Club in Melbourne. If others would like to join me the event includes lunch, drinks and some excellent entertainment.

Details of dates and clubs conducting change-overs is set out on page three and four of this Bulletin.

Stay safe
Clint

Directors Reports

Our federal grant has come through and we now need to decide how we will expend the money. Perhaps we might consider some investment in safety or signage material that we can put out around jobs to promote our club. Ed has done a great job converting a slope into seven steps at Kew High School and has also put in a garden near the courts. – **Bob Lambert**

News from Netra in Kathmandu says the kindergarten and after school studies are getting some good results for the children. We might want to look at the potential for a recycling project that can raise funds for the club. A Dutch expert has developed a method of mincing plastics into a variety of products including bricks. – **Isabel Armer**

Members Moment – Ken Maher

President Elect – Ken Maher set out his strategy and plans for his tenure over the next 12 months. His program will centre around attracting and keeping new members applying three key themes which will include ‘Visibility, Engagement, and Retention’.

Ken’s objective is to increase our club’s membership by 50 per cent over the coming year and build the club to a membership of about 30.

To do this, Ken wants to raise the profile of Yarra Bend using social media channels like Facebook, and also improve the Club’s web page. He believes there is a good opportunity to attract interest from people moving to the Boroondara area who may be interested in some volunteer work in the community. Ken says we might adopt the slogan “What can Rotary do to help you do what you want to do in the community”.
