

Rotary Club of Grays Thurrock

## 'Technology Tournament'

Rotary supporting the

British Science Week

[www.britishscienceweek.org](http://www.britishscienceweek.org)

Hello

Please find below the details of the Technology Tournament. We do hope you will be able to participate. This event is being arranged with the support of the South Essex College, Port of Tilbury and the Rotary Club of Grays Thurrock.

I have attached a leaflet which gives an overview of the Tournament. The Thurrock event details are as follows:

- Date Tuesday 13<sup>th</sup> March 2018
- Location Tilbury Cruise Terminal (Tilbury Riverside)
- Time Start 13.00 hrs – presentation of awards 16.30 hrs
- Teams 4 students in each team
- Age range 11 – 16 (dates as at 13<sup>th</sup> March)
- Project All materials will be supplied on the day

Using the kit provided teams will be expected to design and construct a model. At the end of the afternoon judging will be based on five areas.

1. Speed
2. Design
3. Team Work
4. Straight Line
5. Over all winners

A cash prize will be awarded to each winning team in their area for their school.

**Please note** the Thurrock competition will be one age range (not three as in the attached leaflet). Should anyone wish to work toward the Crest Award this will have to be arranged via their STEM teacher.

I have included an application form and I hope your schools will be able to join in at this interesting, challenging fun afternoon.
