

## Platypus and or Water-rats

Have you ever seen a platypus or water-rat in the Queanbeyan area? The council is collecting data to assist them in understanding the distribution and conservation needs of platypus and water-rats. Reporting information is posted on Clubrunner. Please pass this information on to your friends and family so the entire community can be involved in this important conservation program.

### Have you seen a platypus or water-rat?

Use the Queanbeyan City Council online reporting tool to assist us in understanding their status, distribution and conservation needs.

**To report a sighting visit:  
[www.qcc.nsw.gov.au](http://www.qcc.nsw.gov.au)**

### Details required to report a platypus or water-rat:

1. Date and time of sighting
2. The state of the animal
  - living (appeared healthy), injured or deceased
3. The location of the sighting
  - describe the location clearly in relation to named roads or other landmarks OR provide a GPS
4. If possible, please take photos

For more information call (02) 6285 6246.
