Our vision for today and the future

Every well-run organization has a vision which is expressed to the public in a vision statement. A vision statement is a declaration of an organization's objectives intended to guide its internal decision-making. In August 2015 under the guidance of President Mary-Rose Mulvaney Jerra Rotary held a visioning session. The product of that effort became our vision statement. Now that we have begun a new Rotary year our new President Robert (Chilly) Chilman wants to build on past successes and make our vision statement a living document. Chilly believes the club must be flexible and adjust to our every changing club yet holding true to our core values. This month Chilly is focusing on updating the clubs vision to reflect the club as it is in 2018. During our meeting on 19 July we met in committees to review old goals and brainstorm new goals which will be presented to the club for approval during our club meeting on August 9th.

Directors Page

Chris and Chilly are meeting with Peter Bray to discuss community projects in the Jerra area. Please forward your ideas for community involvement.

Please notify Chris on the dates you are not available for market duty from now through to the end of January 2019.

International

Solar power is a great source of electric power and is especially helpful in rural areas that are not serviced by a power grid. Paul and Geoffrey are working to bring the dream of cheap reliable power to remote communities.

Club Service

Club Services is a vital branch of the club. We are working behind the scenes to ensure members are well looked after.

Services we provide include delivering meals, the Jerraganda, Well-fare officer, Sergeants fines, social events and welcoming committee for visitors. Your Club Services team members for this year are Bruce, Cathy, Sue Collis and John Askew.

Christmas in July

Our first social event is Christmas in July. On July 22nd we are visiting the Christmas Barn in Breadbo and on the 26th of July our weekly meeting will be turned into a Christmas wonderland. For more information please click on this link.

Youth

These are just some of the ways Rotary works with the youth to develop the leaders of tomorrow.

Juniors on Watch

We are expanding the Juniors on Watch program to five local schools and lan is looking for members to present the awards. This is a very rewarding experience seeing the big smiles on little faces. Contact Ian if you can help.
