In everything I do or say,
I will attempt to apply
THE FOUR WAY TEST

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOOD WILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

OBJECT OF ROTARY

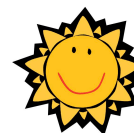

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST--The development of acquaintance as an opportunity for service.

SECOND--High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society.

THIRD--The application of the ideal of service in each Rotarian's personal, business and community life.

FOURTH--The advancement of international understanding, good will and peace through a world fellowship of business and professional persons united in the ideal of service.

Today starts one of the best parts of our Rotary year when we get to hear from the students we will be providing scholarships to. It is refreshing to hear how involved each of these individuals are in making our community a better place. This new generation provides us with inspiration, and a renewed sense of community. I would like to welcome our first group of student speakers, who are Alana Martin from Marvin Ridge and her Counselor Jessica Kanna, and Chapin Silberquit from CATA with Counselor Sheila Long. We welcome you and your counselors, and thank you for being a part of our program today. We are truly grateful for you and wish each of you the best in your future endeavors.

"Only the educated are free."
...*Epictetus,*

This week we have our first two applicants for our Rotary Service Scholarship. From Marvin Ridge we have Alana Martin and Counselor, Jessica Kanna. Representing CATA, we have Chapin Silberquit and Counselor, Sheila Long.

Next week we will have two candidates for our Rotary Service Scholarship. Cassidy Starnes will represent Monroe HS and Counselor, Nicole Jackson is expected to attend.. Malorie Jahn will represent Weddington HS and Counselor, Dan McCloskey will also attend.

President Tregg Lindberg presided over the meeting. Bob Sabin reported that Jake Thomas could not make the meeting because of the passing of his aunt. Bob also informed the club that he is now working for Frontier Communications. Tregg reminded the club that our Scholarship Applicant club visits would start next week.

Tregg conducted the Club Assembly/Golf Committee meeting. Tim went over the list of past sponsors and potential sponsors and club members agreed to contact additional potential sponsors. There is also a need to reach out to potential teams to play. Karl Seibel went over the list of prizes and raffle items. He said that there is still a need for goodie bag items and additional raffle prizes. The gold tournament will be held on March 28 at Stonebridge Golf Club.

Joker 50/50 Jackpot

Current Total: \$631
Last Winner: Paul Weber
Card Drawn: Queen of Hearts
Cards Remaining: 20 + Joker

Littered with old National Geographic magazines, a model volcano, and a solar cooker, Bartholomew Meena's crammed science room in Machame, Tanzania, captured Amy Kaspar's heart at first glance. "He created all the science projects we had from our childhood in one room," recalls Kaspar, a former Rotary Scholar who's now a member of the Rotary Club of Capital Square in Ohio. Within those projects, she saw Menna's passion for his environment and a wealth of unexplored opportunities, particularly the chance to collaborate and study the environmental impact of Mount Kilimanjaro's melting glaciers. Kaspar spent the next four years connecting Meena with Ohio State University's Byrd Polar Research Center, which has been doing cutting edge climate change research. Kaspar's desire to help Machame matched the Byrd center's goal of providing more research to local communities where it could do more good. And by utilizing Rotary's network, she was able to bring Rotary members in Ohio and Machame into the collaboration. Together, they would teach communities at the base of Mount Kilimanjaro how to adapt to the changing temperatures and precipitation patterns. The center is also providing Meena with material to write a new curriculum in Swahili, which Rotary members will help publish, distribute, and promote. Additional plans are in the works to use posters to educate the community, hold seminars and community workshops, and fund study exchanges between Tanzania and Ohio. None of this would have been possible without the Rotary infrastructure, Kaspar says. Kaspar's path to Rotary began in 1993, when she studied architecture and international development at Oxford Brooks University in Oxford, England, through a Rotary Foundation Ambassadorial Scholarship. There she met her host family, Jane and Peter Jones of the Rotary Club of Haddenham and District. The Jones family invited Kaspar to attend club activities and take part in service projects. A decade later, they put her in touch with Rotary members in Tanzania, where she would go on to work with the relatively new Rotary Club of Machame. "I'm here today because my host dad in England would never let me off the hook and always made sure I got involved in stuff," she says. "Service is now a part of who I am. It's a part of my genetic makeup."
