- Michael Irving mentioned that he is getting phone calls from all around District and Australia in regards to our club and what we are doing to increase our membership - as you may all remember from the last edition of the Rotary Down Under magazine - our Italian brothers have done a great job of spreading the word about Rotary. From this Michael has organised for a multi-district meeting about membership - and would like it if some members could attend the event on **21 August** - further details will be provided over coming weeks.
- Andy and Michael have also collaborated and arranged to secure a **promotional stand at Robina Town Centre** for the District to promote Purple Pinkie for End Polio campaign. **We need a couple volunteers to assist on Thursday 7 July - please speak to Andy further.**

We will keep you posted on developments
- A lot of fellowship was enjoyed whilst we dined on breakfast and got to know those beside us a bit better

Guest Speaker

Roz Irving was born in Sydney & went to North Sydney Girls' High School & Sydney University. She met & married Michael who attended the rival university & life as nomads began. Roz has taught languages in Sydney, Wagga Wagga, Canberra, Brisbane, Gold Coast & the Sultanate of Oman.

As well as being a professional teacher Roz has taught on a volunteer basis teaching English to newly arrived students from South East Asia & South America. Roz had her own business in Brisbane making children's clothes & homewares. She has a strong sense of fairness & social justice & is a longstanding supporter of Rotary. Roz is also wife to she is married to Rtn. Prof. Michael Irving, Rotary District 9640 Governor Elect for 2016/2017.

Roz spoke to us about a great project that Rotary is involved in which was largely driven by Mount Warning Rotary Club - A Day For Girls.

- The work of Days for Girls Australia has been transformative for women and girls all over the world.
- The Days for Girls (DfG) kit design is the result of feedback from women all over the world.
- Listening is an approach that results in solutions that work. That's important, because every washable Feminine Hygiene Kit gives back up to 6 months of living in just 3 years of use.
- Kits made in Australia cost approximately \$10 each to put together
- IN the last 18 months they have made 1000 kits
- Kits have been sent to Nepal, Cambodia and Kenya

How can we help:

- they are looking for support in either donations of fabric (must be bright, colorful, no animal prints or camouflage)
- there's lots of sewing to be done so if you can volunteer some time please advise Roz
- If we know of any manufacturers that can assist with the supply of mini soaps, knickers for girls in all sizes
- Raising funds to cover costs of waterproof fabric required for the inserts of the liners

If anyone can help with suppliers or donation of fabrics, please get in touch with Roz.

This event is running and owned by Burleigh BBQ, I am hired by them to run the event operations and logistics over the 2 days in my event management capacity.

Further details will become available closer to the date as per the email I sent to members this week. Please read it.
