Event Times: 12pm-3pm

With proceeds raised on the day and \$5 per ticket going directly to Rotary Club of Burleigh Head to support The Sanctuary Women's and Children's Refuge.

How can you get involved with this event?

Burleigh BBQ

The Burleigh BBQ championship is about everything low n slow over 2 days for this year's smokin' event 30-31 July, Ed Hardy Park North Burleigh.

Kicking the party off on Friday is the Burleigh Brewing Brew Jam, the welcome night for the Low and Slow BBQ Championships teams where you can grab a great brew and discuss all things BBQ. While the boys talk beer, the BBQ girls will indulge in the sunset surrounds of Skypoint Level 77 with sunset drinks, great company and smoking conversation.

From 9.00am Saturday, the two-day BBQ Championships kicks off in Ed Hardy Park with 50 teams battling it out to see whose cuisine reigns supreme (sorry guys, you can't sample the fruits of their labours -

bummer). But you can bring along your picnic blanket, and your appetite, and let local musicians entertain you as you dig into some street food from JR's Smokehouse, That BBQ Joint, and Busters plus Mr. America Hot Dogs, Nippers Sausage sizzle, and treats for the kids.

We need for this event:

1. Volunteers to work the beverage tent over the 2 days - those serving alcohol must have their RSA Certificates. Beverage service 10am - 4.30pm each day, we require a minimum of 6 people on shift at all times. (2 x beer ticket sellers, 3 x beverage servers 1 x runner)
2. Team to assist with some set up of beer tent area

This has the potential to bring into the club some great money for the start of the year to assist with running of our current projects. Please send your interest to Allan B your Club Services Director who will be heading the organisation of this event.

(Anthony Z - perhaps we can get Interact Club to do purple pinkie fundraising at the event also)

Guest Speaker

Phil Barham - the Greatest Gift

- Teach us how to be on track with our health
- He wants to change the health care system
- He believes we have a sick care program and not a preventive one
- It's important to take little steps week after week it really does make a difference in the long run
- If the first thing you do is check emails and answer emails first thing in the morning you are working off someone else's agenda not your own. Your brain is in reactive mode (flight or fright)
- Sometimes you forget to care for yourself and think more about others
- Often look to pills and drugs to keep us functioning to assist us with day to day living - need to consider other options to manage your health
- Need to work off your agenda not on the urgency of matters to be more effective.
- Work then do physical workout before you go home to switch off the
- If the service, you are doing in the community becomes a sacrifice then you end up resenting what you are doing and get burnt out.
- Priorities your tasks: Is it urgent or important?
- Paul is a chiropractor and works with the nervous system - works with adaptive potential of athletes
- If anyone is interested in going to see him for a consult he would love to see you
