14 June 2021

Dear Outgoing President Charles Thomasson, Incoming President Paul Seymour, and all at the Wheelchair Trust,

We attach our report, and photographic record of the distribution of our 20 Wheelchairs. Any of the photographs can be re-sent in a higher resolution if needed. We also had Acknowledgement Forms printed and signed, containing each recipient's name and identity number and we have these if you require them. We thought probably the photographic record would be enough for your own records?

It has been the most rewarding project we have done for some time (along with our covid-inspired food parcels project), and we found the excitement and hope the wheelchairs brought to previously immobile people of all ages and both genders was touching and inspiring. As you will see from the report, we allocated the chairs through Health Clinic Sisters in the townships who, we found, had to explain that the chairs were donations from Rotary and NOT from the clinic itself, otherwise they would have been inundated with requests.

We send greetings and good wishes for your Winter Lunch and Changeover ceremony - you can see we read your Bulletin with great interest. Our own Induction Dinner is on 29 June when PDG President Tom McGhee will hand over to President-Elect Colin Murphy. (I remain as Secretary so will be your contact).

With our very best wishes for the coming Rotary year as we "Serve to Change Lives"

*Heather Howard*

Club Secretary

Rotary Club of Port Alfred 22524/9370

(East Coast of South Africa, half-way between Durban and Cape Town).
